Chemistry 0 Week 7 Assignment on 11/08/2020 Due Date: 11/14/2020

1.	How many electrons are	shown in the Lewis	electron-dot structure	of Nitrogen (I	N)?
----	------------------------	--------------------	------------------------	----------------	-----

- 2. In Lewis structures, the valence electrons are represented by ______.
- 3. Please write the Lewis dot structure for Silicon (Si).
- 4. Please draw the Lewis dot structure for methane (CH₄) below.

5. Please draw the Lewis dot structure for calcium chloride (CaCl₂) below.
