

#1. In this picture, what can you see that starts with the letter 'B' and makes the 'b' sound?

#2. Can you connect the balloons to the animals? Make sure the bunny has little balloons, and the bear has big balloons.

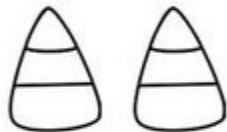

#3. Now, what's the opposite word of the word 'big'? And what's the opposite word of the word 'small'?

Count the candy corn and then connect each number to the corresponding candy corn using lines.

#1 Let's review the letter 'B.' What words do you know that start with the letter 'B'?

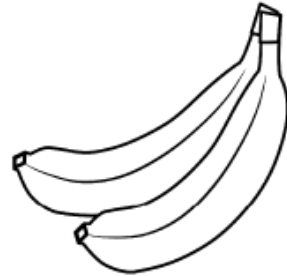

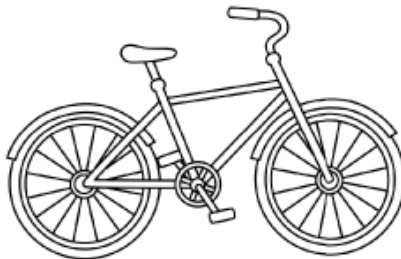

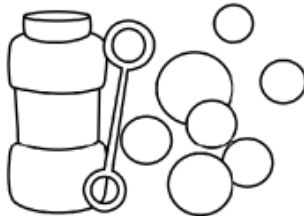

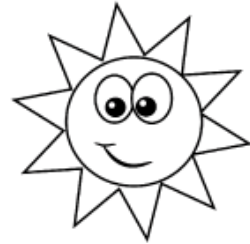

#2 Do you remember the letter 'A'? Take a look at this picture. Can you recognize any of the letters we've learned? Remember, letters have sounds, just like we have full names and first names or nicknames. Let's try to connect the sounds of the letters we know together. For example, 'B' and 'A' make 'Ba.'

#3 Practice your fine motor skills by tracing the letters. It will be great if you can color the Bat and the letter B b.

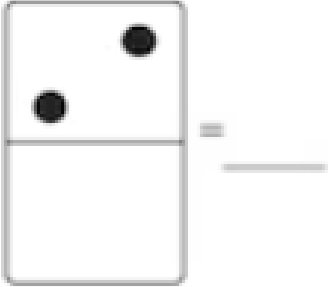

B b

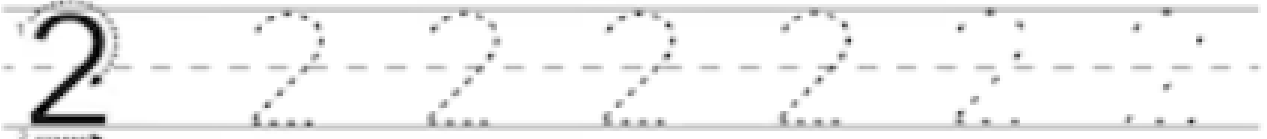

Color the images that begin with a B sound.
