

Enrichment 3-4

Homework #11

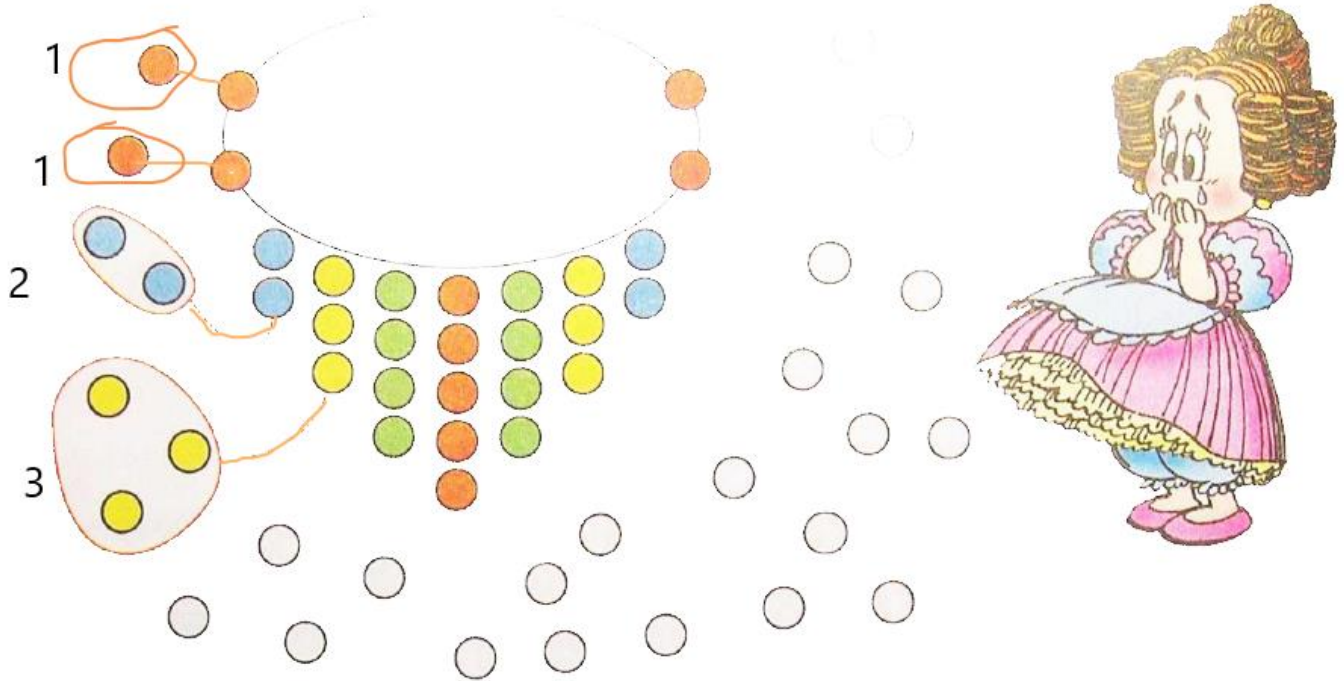

Problem 1.

Color and continue the pattern of the beads.

Problem 2.

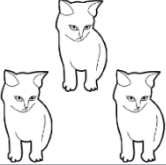

Emma lost her beads. Please help her to get her bead back. Look at the example how to circle in the number of beads and then try to write that number (optional)

Problem 3.

Count the number of objects and trace that number.

Optional: Color the objects: one object in 1 color, two objects in 2 colors only and three objects -using 3 colors

		
1	2	3
1	2	3
1	2	3

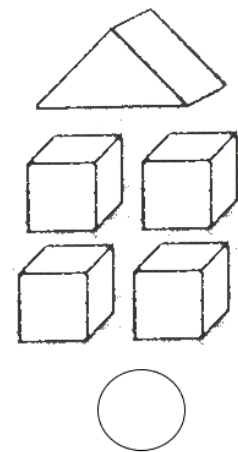

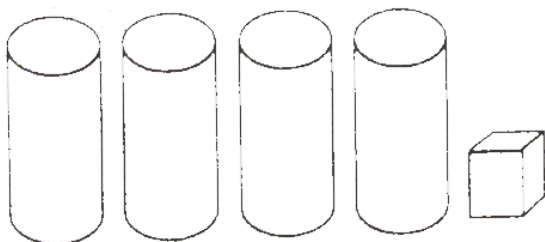

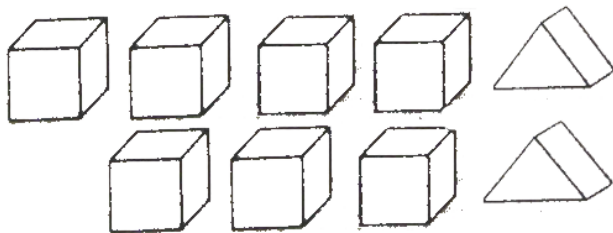

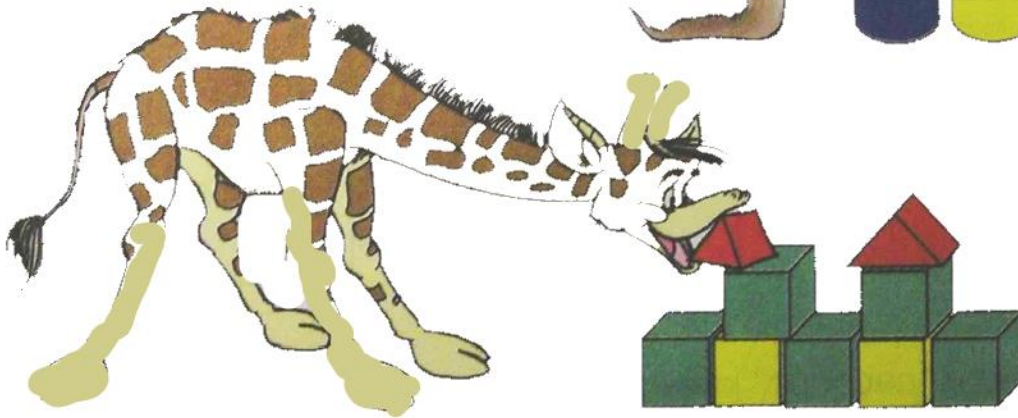

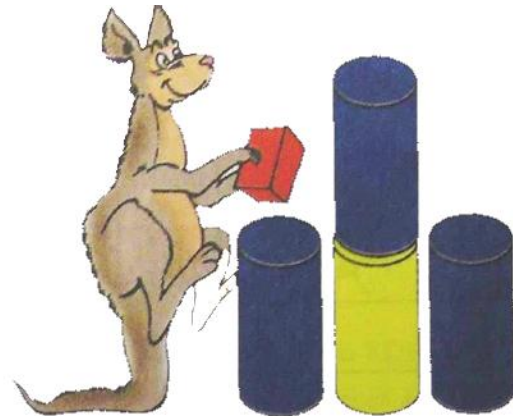

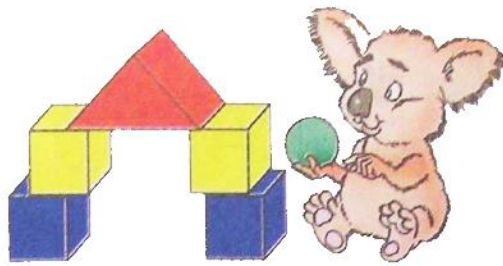

Problem 4.

Reading review

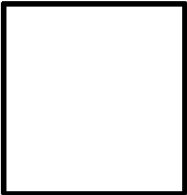

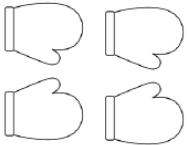

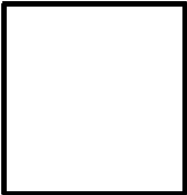

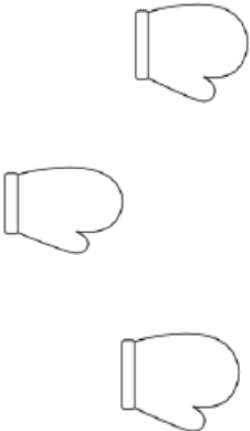

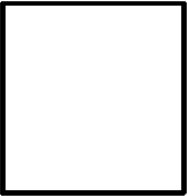

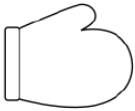

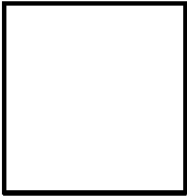

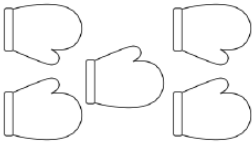

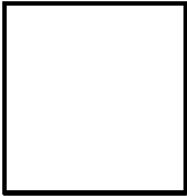

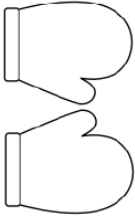

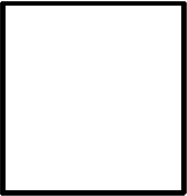

1  cat fat rat	2  bat fat rat	3  bat fat rat
4  bad had mad	5  cat hat mat	6  bat hat rat

Problem 5.

Find, name and color the shapes of the pyramids that each animal is building.

Color pairs of mittens, each in its own color. Count the number of mittens. Cut out the numbers on the right and glue that number inside the square space provided. Match the number of mittens to that number. Try to write the number of winter mittens that are missing in the empty box.

5	4	3	2	1
---	---	---	---	---

Color the objects that begin with letter O.

Trace the letters. Then cut the letter "O" and glue it to the words. Try to read the words
