

Chem 0 Homework 3 on Oct 17, 2021

Due date: 10/23/2021

Please prepare 2-3 slides of facts about one element (from Elements 1-20), and submit your slides to your google classroom when you complete the assignment.

Your slides should include the following information:

- Atom name
- Atomic number
- when and where discovered
- natural sources of the element
- major uses
- any other information you find important or fun

Note: Your assigned element is selected during our week 3 class.
