

Homework 4

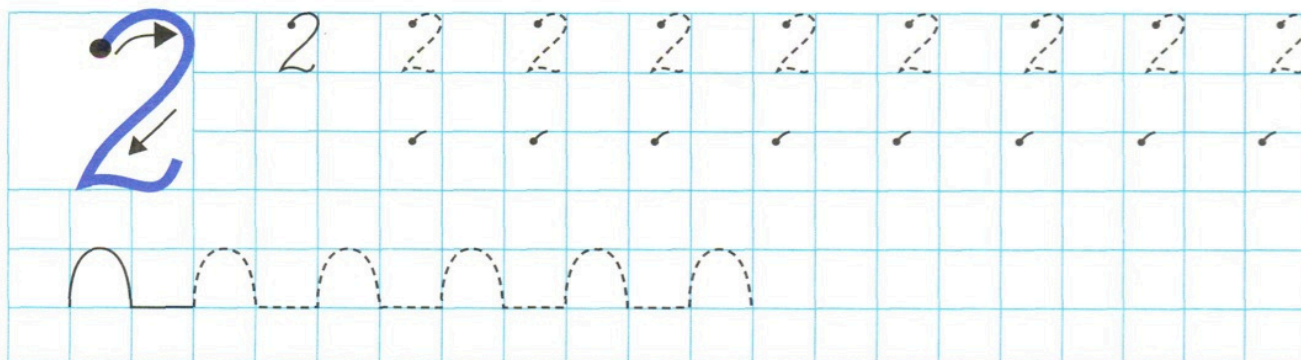

Problem 1

Color in the circle that has the number 2 in green.

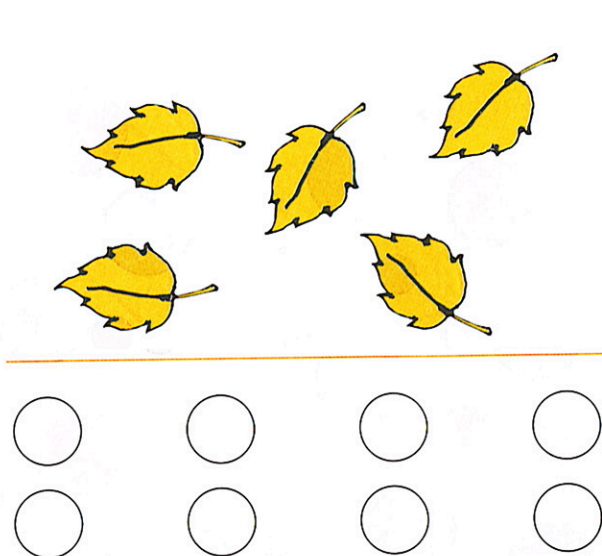

Problem 2

Trace the number 2 and finish the pattern.

Problem 3

Count the leaves. Color in the same number of circles as there are leaves.

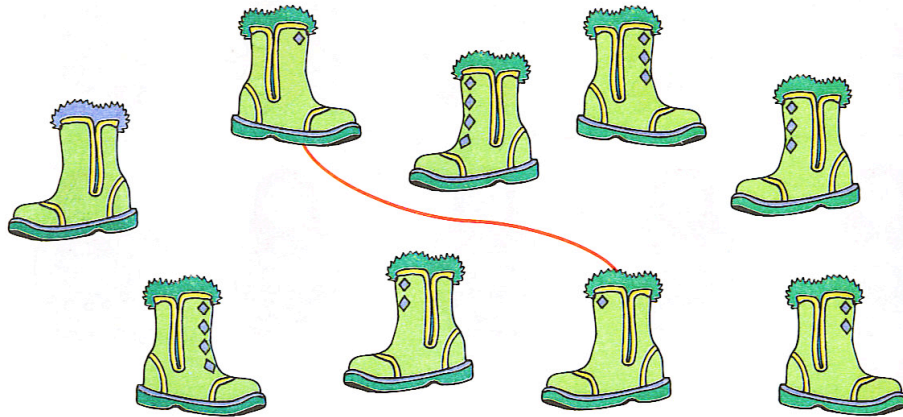

Problem 4

Circle the object that does not belong. Explain why.

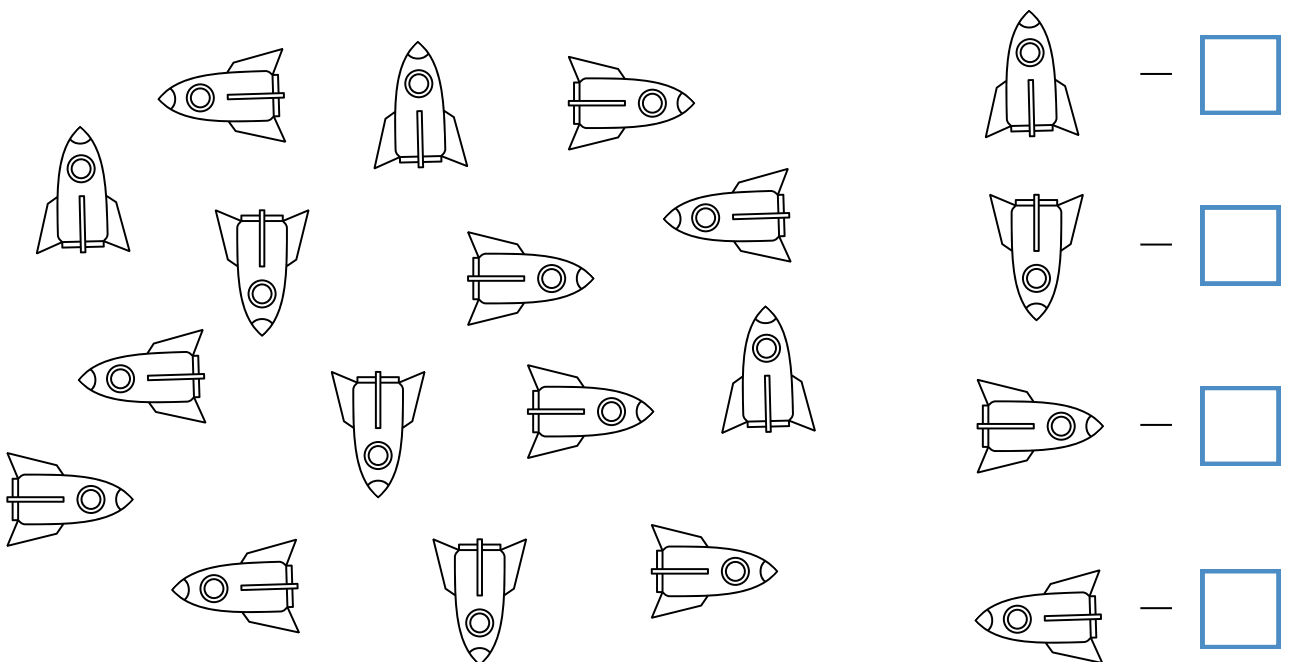

Problem 5

Find pairs of matching boots.

Problem 6

Color the spaceships that are flying up red, down blue, left green and right yellow. Count how many spaceships of each kind are shown and write their numbers in the boxes below.

Problem 7

Please help the biker get home. Draw a line without lifting your pencil and try not to touch the edges of the path.
