
NAME:

- 1. Reading Material “Cells Diversity”** (can be found on the school website on our class homework page).
- 2. Based on the above reading, approximately how many different cell types does the human body have?**
- 3. Explore relative sizes and shapes of various cells using the interactive tool at:**
<https://learn.genetics.utah.edu/content/cells/scale/>
(the slider at the bottom of the page allows you to zoom in and out to change the scale)
