CS 201 A

Homework 1

Due: September 21, 9:00 pm

1) Using the class handout, create a student account and join CS 201 A on Edmodo. Make sure to enter your parent's mobile phone number or email address during the registration process.

2) Complete the first "Introduction" assignment and submit your answers as a text or Word file. To do this, go to the assignment page, click on the "Attach" button and choose "File from Computer" option. Notice that your file must be saved on your computer for you to be able to use this option.

3) Install Python 3 on your laptop or desktop computer. I recommend using https://www.anaconda.com/distribution/
