What is the definition of a good deed?

List 3 good deeds you have done in your life:

- 1.
- 2.
- 3.

What are some things that you shouldn't do when you are performing a good deed? Really think about this question before you answer it.

Are you more used to being helped or helping others?

In thinking about good deeds, what is something that you think you can do to help others outside of your household?

Who is someone, that you know personally, that constantly helps others? How do they help others?
