

Homework 11

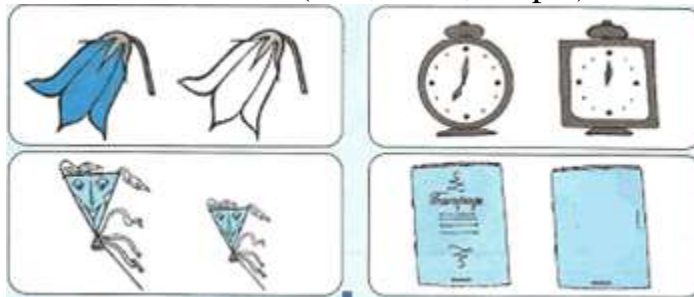

Problem 1

Fill in the numbers in the boxes to get 10.

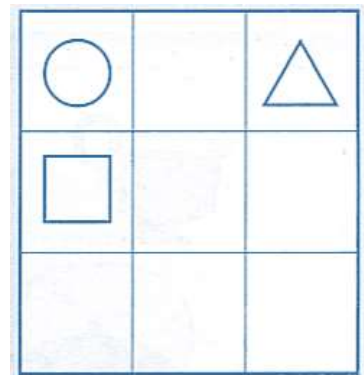

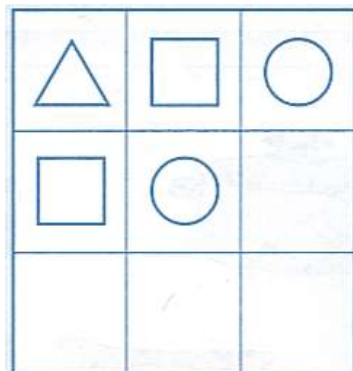

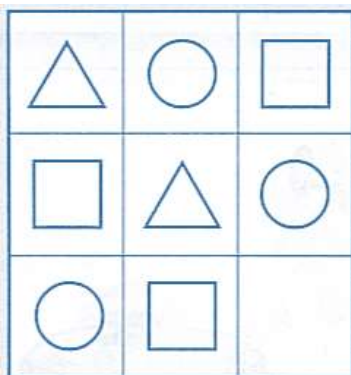

Problem 2

Find similarities. (size, color, shape.)

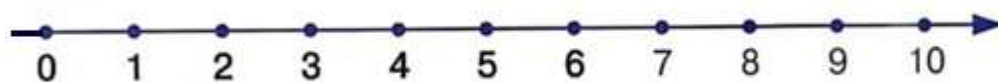

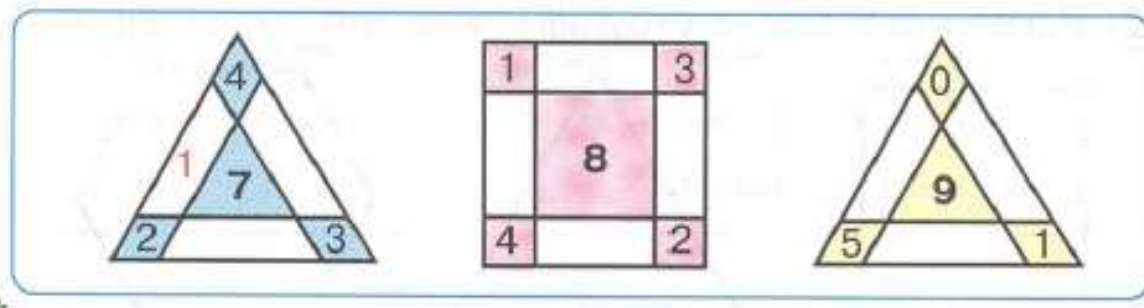

Problem 3

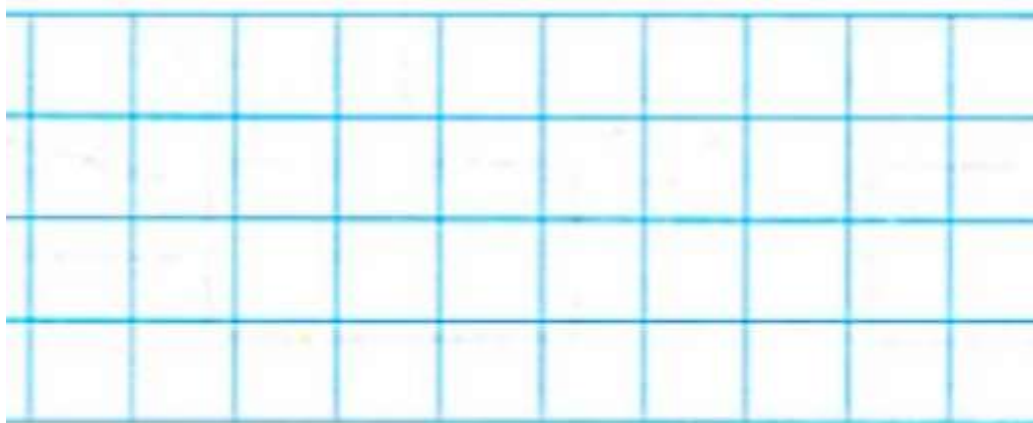

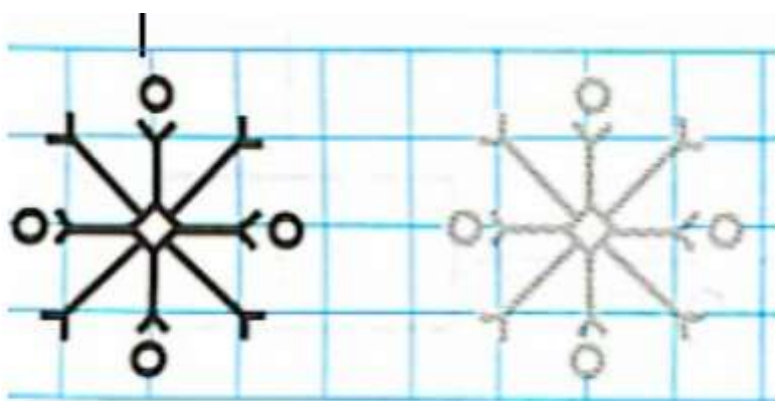

Guess what is missing in each empty box. Draw in these shapes and complete the pattern.

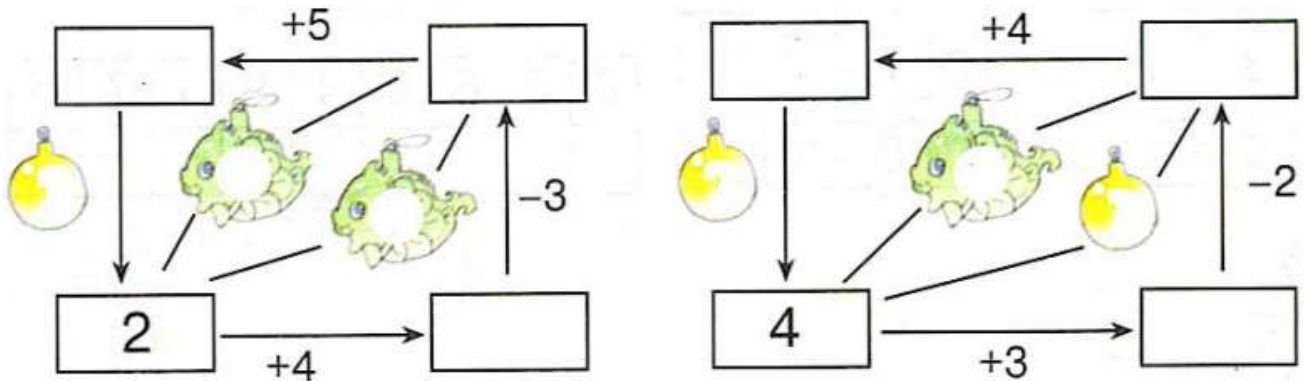

Problem 4 Solve the problems. The sum of the numbers on the sides have to be equal to the number in the center of the shape.

Problem 5 Trace a snowflake. Try to draw the snowflake.

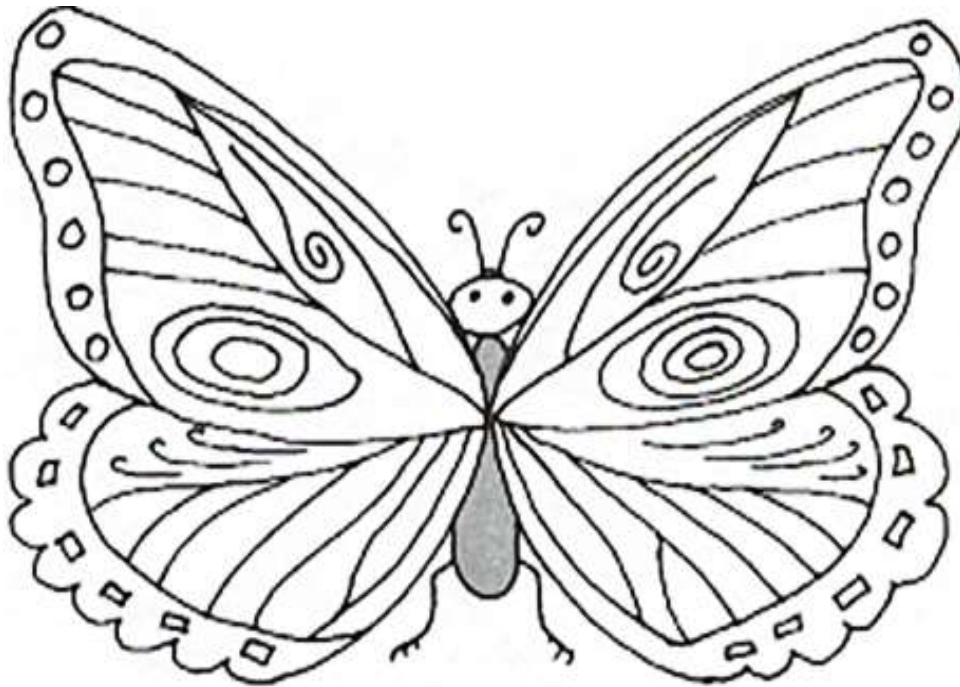

Problem 6 Fill out the empty boxes with correct numbers. What numbers are supposed to be on the ornaments? Solve it.

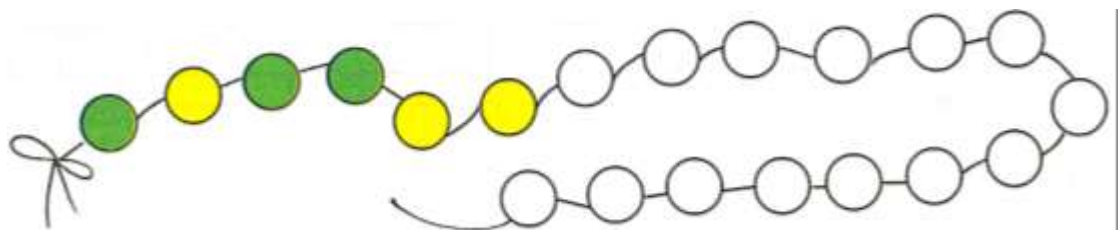

Problem 7

Find 7 differences in this butterfly.

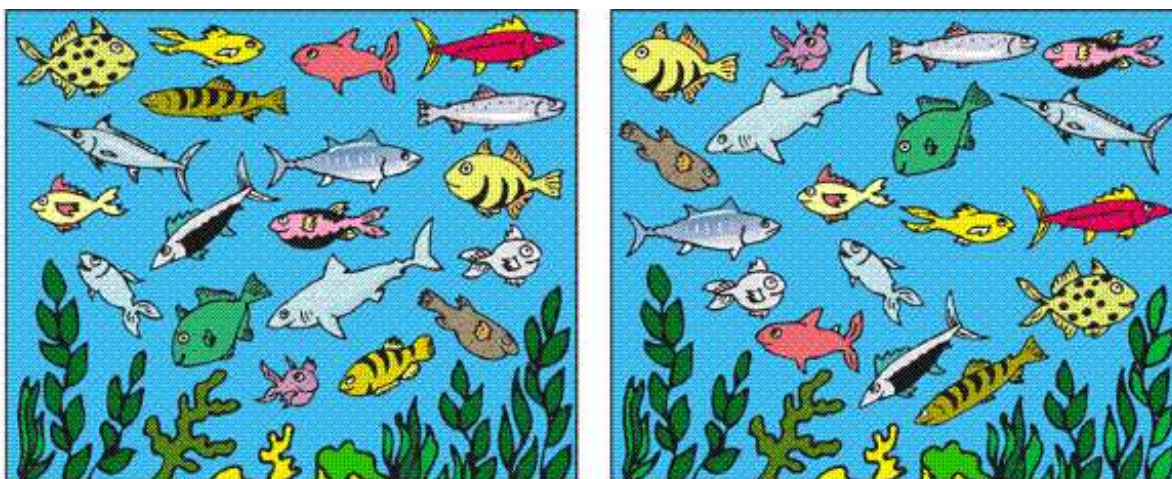

Problem 8

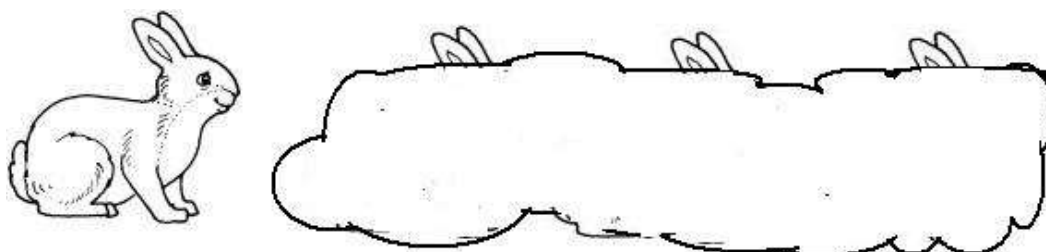

Continue the pattern.

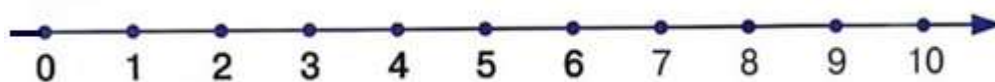

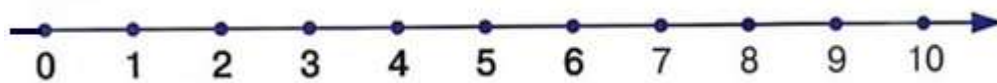

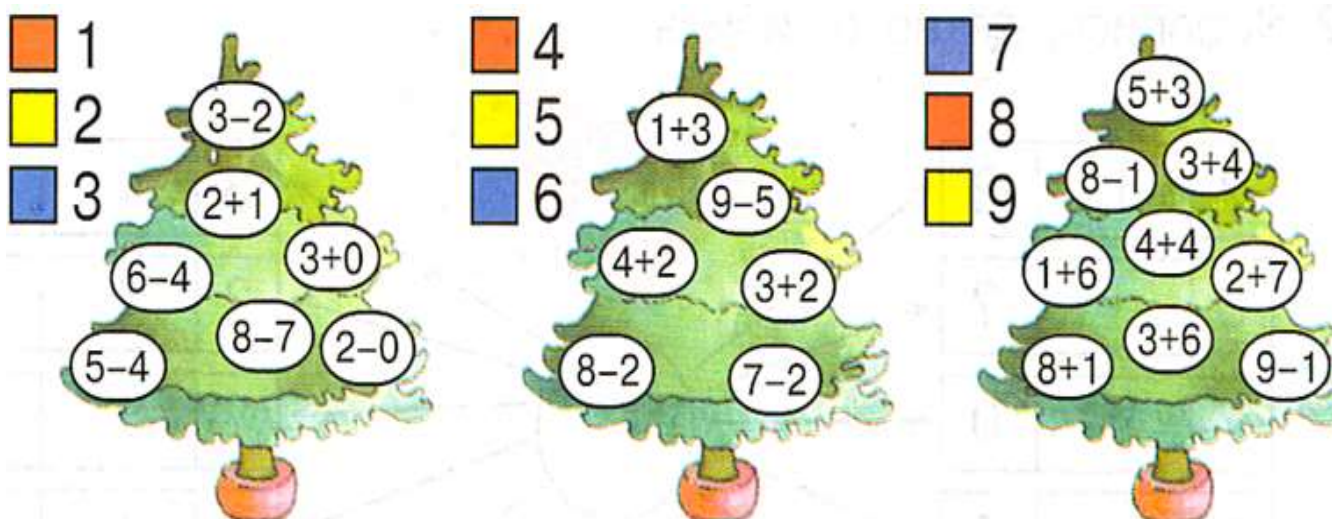

Problem 9 One fish was taken away from the second aquarium. What fish was it? Circle.

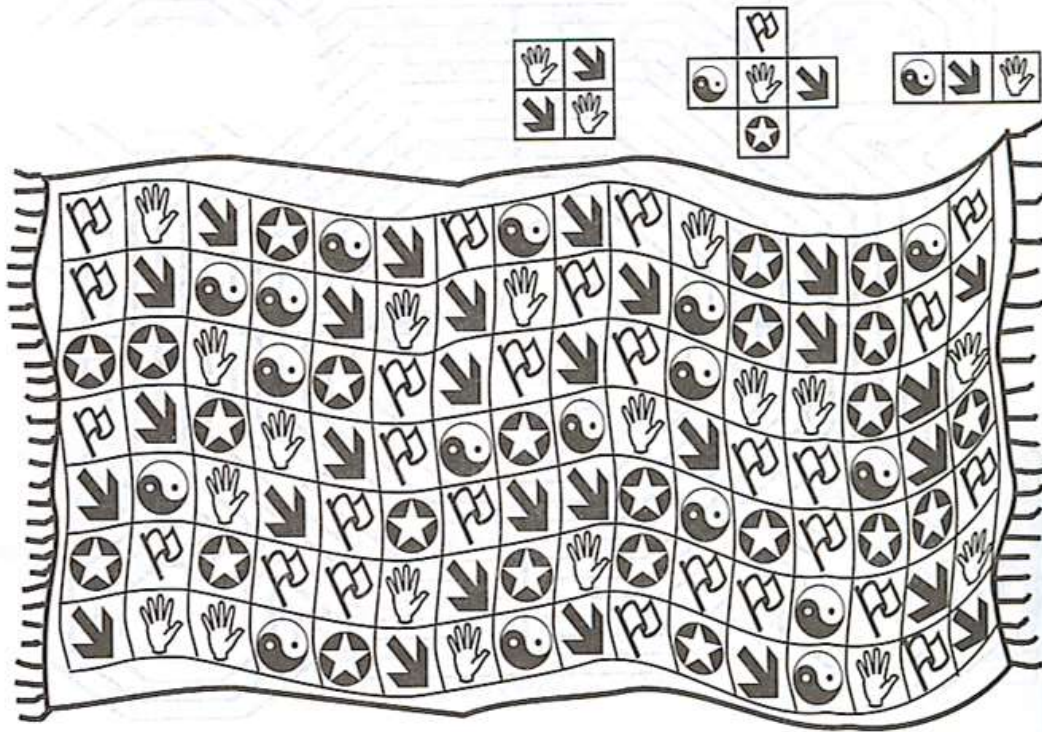

Problem 10 How many bunnies are hiding?

Problem 11 Add or subtract and color the ornaments according to the color number rule.

Problem 12 Find the patterns in the picture. Color them in.

Problem 13 What number came first to the finish line? _____
