

NAME:

Let's “break” something! 😊

Using a clear glass or plastic cup, like the one we used in class, repeat a “broken pencil” experiment with a different object. Make it fun!

Take a photo of your “broken object” from the side. Take one more from the top. Email your two (2) photos to kosobokova@schoolnova.org before 5 pm on Saturday.

I will combine all photos in one slide to show and discuss (and laugh!) in class.

HAVE FUN!!!
