

### Final project

For the first half of your final assignment, I want you to find two excerpts out of two separate pieces of literature that you feel you could recite from memory in front of the class. You will narrow down those two excerpts to one. You must come to class with two and I will choose which one I want you to recite. **IF YOU COME TO CLASS WITH ONE, YOU WILL HAVE TO FIND A SECOND. DON'T WASTE TIME. HAVE TWO!** If you choose to recite a poem, which is an option, it must be a minimum of 12 lines.

**Tip:** Enjoy the piece you choose; it will make it easier to memorize. The sooner you find something, the more time you will have to memorize it.
