Homework 17 (due 2/20/2021)

Complete the Circle Covers problem from the CMIMC programming competition.

You can find the instructions in Google Classroom.

Try to complete as many tasks as possible.

The input files for each of the six tasks are available for download in Google Classroom as well.

Use the circle_covers_starter.py to get started. It will help you import the data from the input files.

For you reference, the current top scores for each task are as follows:

Task 1	Task 2	Task 3	Task 4	Task 5	Task 6
61	61	4047	7772	104225	86844

See how close you can get to these numbers!
