
PLEASE SUBMIT YOUR HOMEWORK THROUGH GOOGLE CLASSROOM

- 1. Reading Material: on the school website, on our class homework page, find and study “Tornado Rating”. Then answer the questions below.**
- 2. How are tornadoes classified?**
- 3. What is the maximum possible wind speed in EF3 tornado?**
- 4. Approximately how many EF1 tornadoes happen in the US each year?**
(hint: use the graph on the last page of the reading material for your estimate; find *how many EF1* were recorded and *during how many years*; now figure out how many that would be *per one year*)
- 5. On MAY 22nd, OUR LAST CLASS this year, we will play a *GEOparTy!* GAME based on what we have learned after the Winter Break.**

Please review the game description that was posted in the classroom.

To continue studying for the GAME this week, review Lectures #17-20.
