

Math Enrichment 4-5

Homework 12

Problem 1. Color the picture according to the color - number rule.

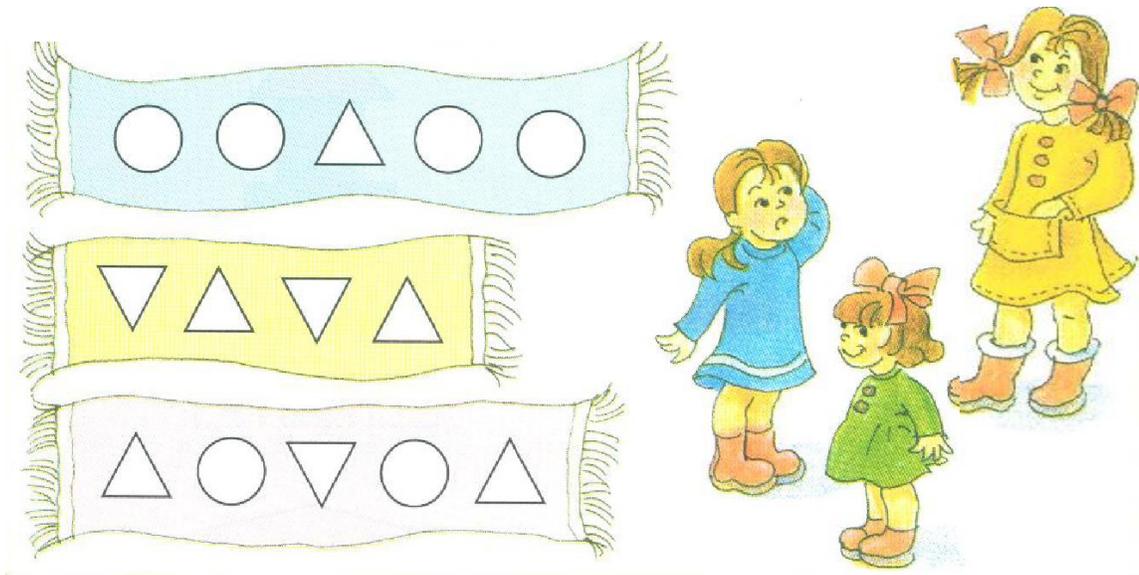

Problem 2. Trace and finish the pattern.

Problem 3.

Color the scarves. Connect the longest scarf with the tallest girl, and the shortest scarf with the shortest girl. Name two differences between the tallest and shortest girls.

Draw a fence to the **right** of the house, a pine tree to the **left** of the house, and **3** flowers in **front** of the house.

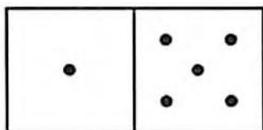

Read the number in each box, then draw that many circles in the box below.

3	1	2	3	2

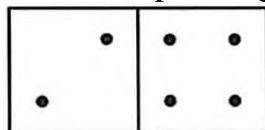

Problem 4.

Look at the dominos. Count the dots in each window, then write the correct combinations in each box corresponding to each picture.

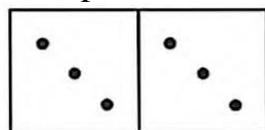

$$1 + \square = 6$$

$$\square + 5 = 6$$

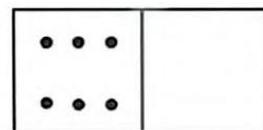

$$2 + \square = 6$$

$$\square + 4 = 6$$

$$3 + \square = 6$$

$$\square + 3 = 6$$

$$6 + \square = 6$$

$$\square + 6 = 6$$

Write the number story according to the picture.

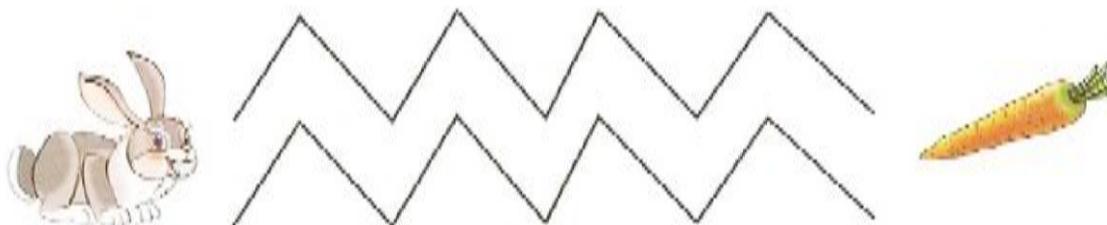

Color in the towels in three different color combinations (using **BLUE**, **YELLOW**, and **RED**) without repeating the pattern.

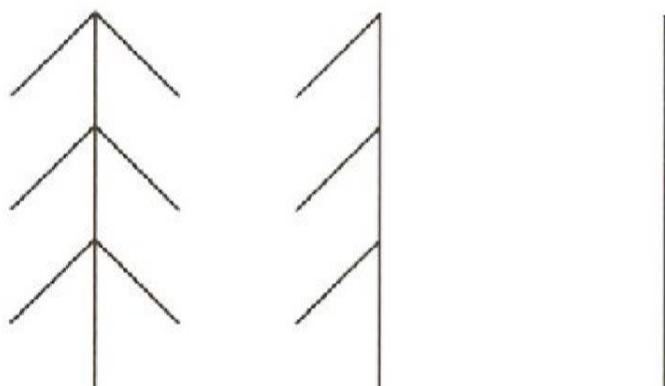

Problem 5.

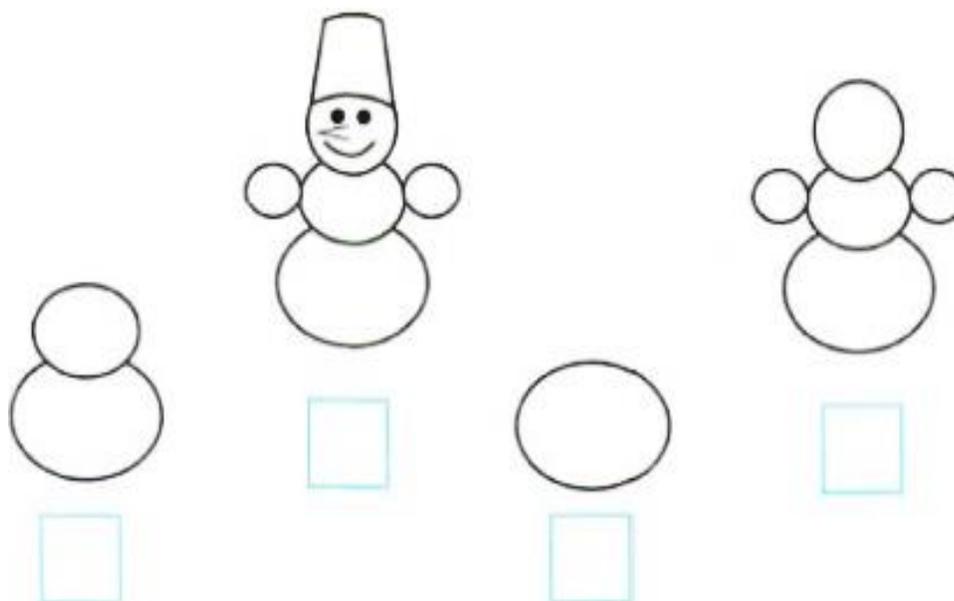

Draw a line in the middle of the path and without lifting your pencil to get the bunny to the carrot.

Finish drawing each pine tree.

Put the pictures in order. Write 1, 2, 3, and 4 in the boxes to put them in order.

Problem 6.

Find these objects in the picture and color them.
