

NAME:

---

A. Review Classwork #24. Finish Slides ##10-12.

B. What is a jet stream?

C. Name and describe TWO types of STRONG global winds:

1.

2.

D. It's no secret that it is often quite windy at Long Island South Shore Beaches. Typically, on a *hot sunny day* the wind picks up in the *early afternoon*, blowing from *South*. What type of wind is it? (Hint: Think local! Pay attention to details given above in *italics*! Slide #11 should help!)
