

# Math Enrichment 4-5

## Homework 12

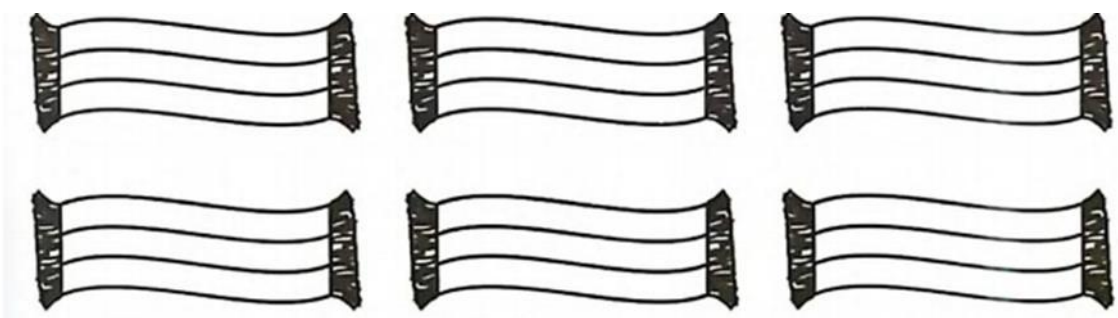

### Problem 1.

Color the picture according to the color - number rule.

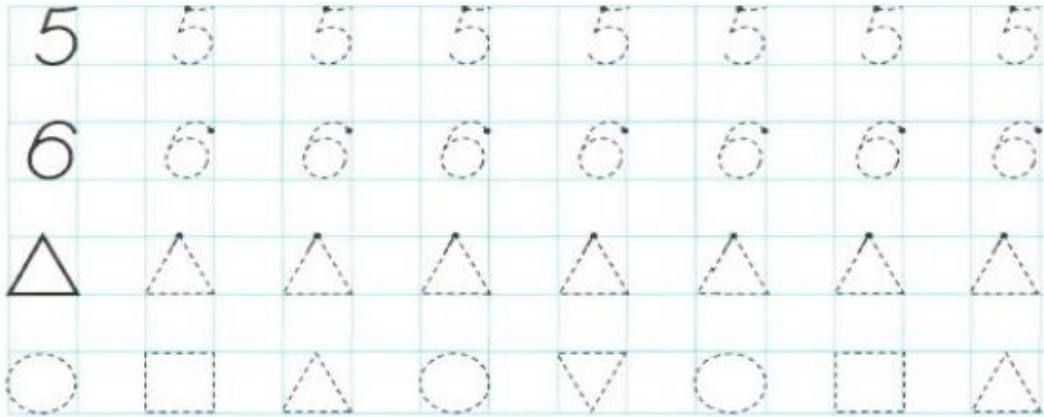

### Problem 2.

Color in the towels in three different color combinations (using **BLUE**, **YELLOW**, and **RED**) without repeating the pattern.

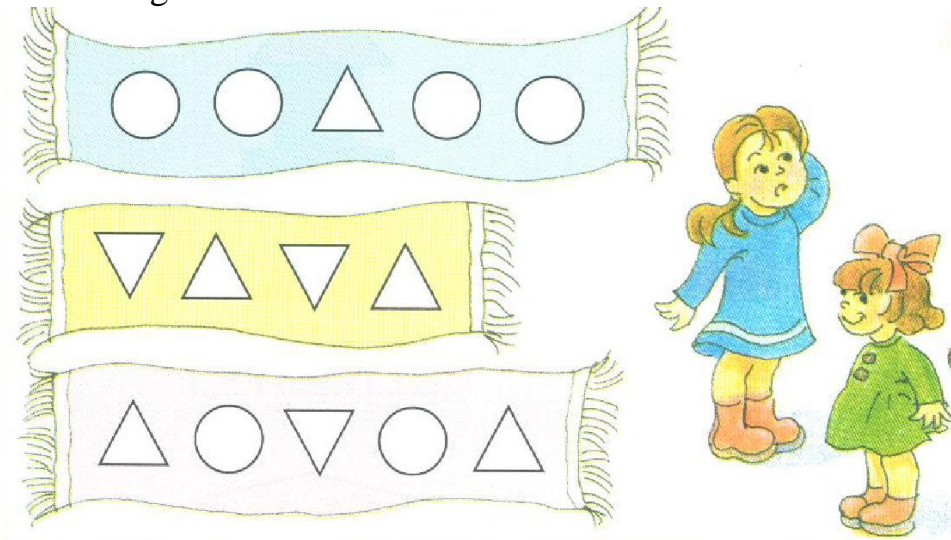

**Problem 3.**

Trace and finish the pattern.

**Problem 4.**

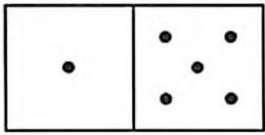

Color the scarves. Connect the longest scarf with the tallest girl, and the shortest scarf with the shortest girl. Name two differences between the tallest and shortest girls.

**Problem 5.**

Look at the dominos. Count the dots in each window, then write the correct combinations in each box corresponding to each picture.

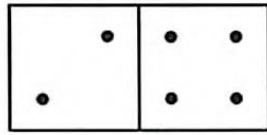

3	1	2	3	2

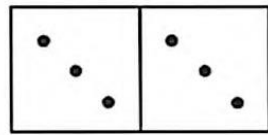

$1 + \square = 6$

$\square + 5 = 6$

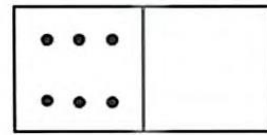

$2 + \square = 6$

$\square + 4 = 6$

$3 + \square = 6$

$\square + 3 = 6$

$6 + \square = 6$

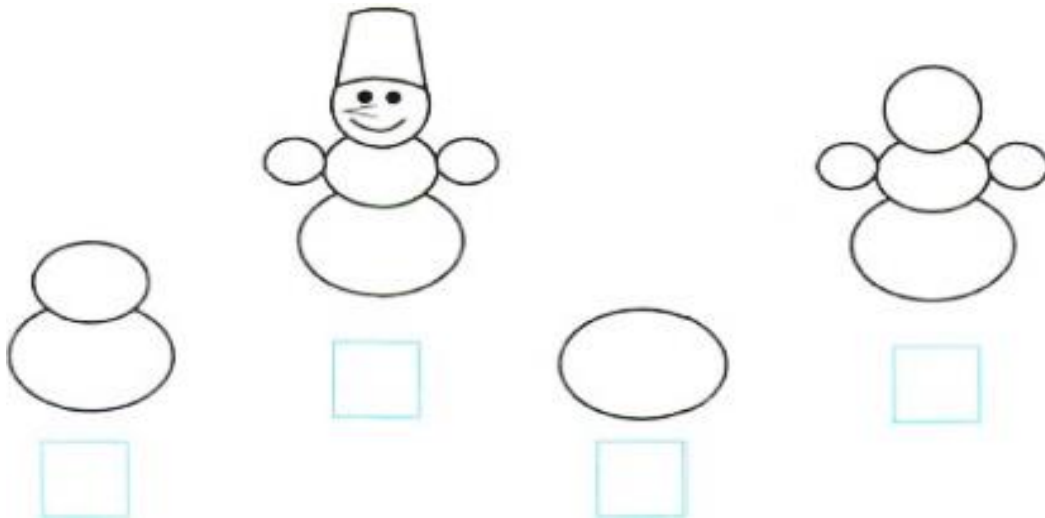

$\square + 6 = 6$

**Problem 6.** Write the number story according to the picture.

			=	
--	--	--	---	--

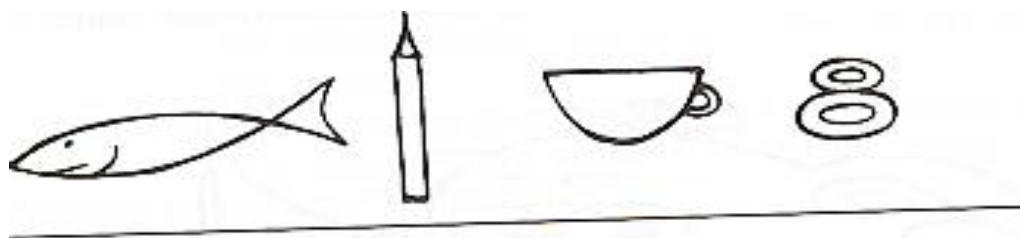

**Problem 7.** Write the correct order on how to build a snowman from step 1 to step 4. Tell a story as you do it.

**Problem 8.**

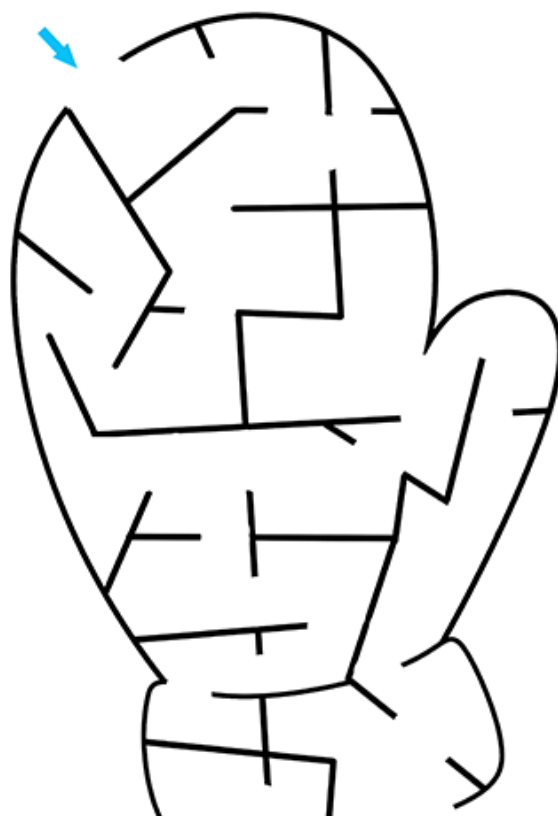

Find the objects picture and color them.

**Problem 9.** Circle the matching number.

																			
<table border="1"> <tr> <td>2</td> <td>9</td> <td>3</td> <td>6</td> </tr> </table>	2	9	3	6	<table border="1"> <tr> <td>1</td> <td>4</td> <td>5</td> <td>7</td> </tr> </table>	1	4	5	7	<table border="1"> <tr> <td>3</td> <td>6</td> <td>1</td> <td>4</td> </tr> </table>	3	6	1	4	<table border="1"> <tr> <td>8</td> <td>2</td> <td>7</td> <td>5</td> </tr> </table>	8	2	7	5
2	9	3	6																
1	4	5	7																
3	6	1	4																
8	2	7	5																
																			
<table border="1"> <tr> <td>4</td> <td>3</td> <td>6</td> <td>2</td> </tr> </table>	4	3	6	2	<table border="1"> <tr> <td>5</td> <td>6</td> <td>7</td> <td>8</td> </tr> </table>	5	6	7	8	<table border="1"> <tr> <td>8</td> <td>2</td> <td>7</td> <td>5</td> </tr> </table>	8	2	7	5	<table border="1"> <tr> <td>4</td> <td>3</td> <td>6</td> <td>2</td> </tr> </table>	4	3	6	2
4	3	6	2																
5	6	7	8																
8	2	7	5																
4	3	6	2																

Solve the Mitten maze.

**Problem 10.**

Connect all the stars in counting order to show Santa the way to land.
