

Figure out who had a dog and who has a cat?

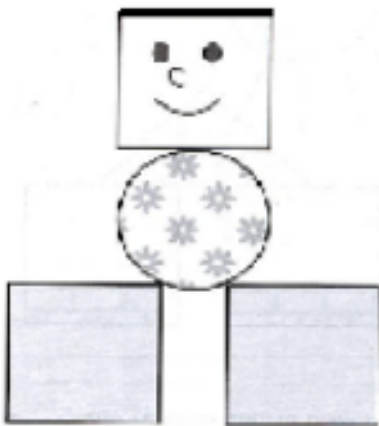

Change color

What does not belong? Circle it. Explain why.

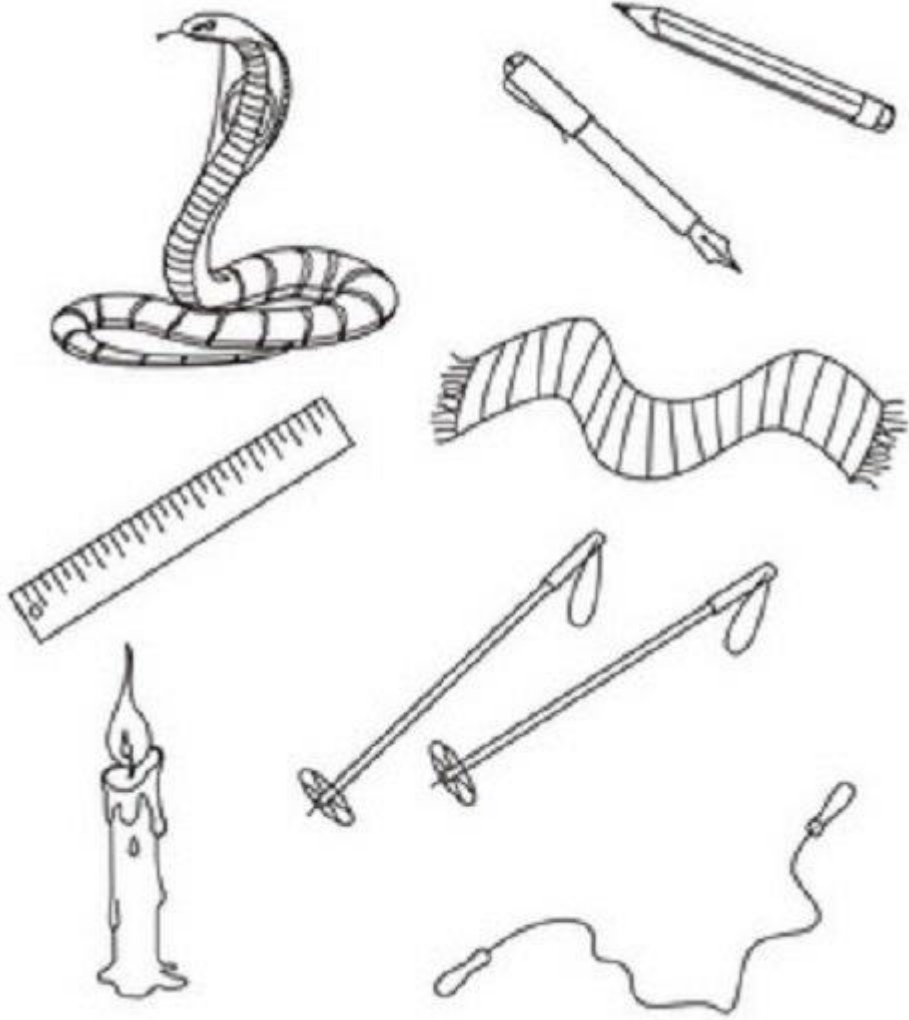

This is a shapy person. Can you create a shapy friend for him?

Tracing and pattern. Name the shapes and count.  
Write the numbers and define more/less

Name the objects. Group them together when it is appropriate. Can you notice the straight lines? Look around your house and find objects that belong to the same group of objects and draw them on a separate sheet of paper. Then find objects in your house that have straight lines. Name them. Draw them if you wish.

Imagination at work: There was an artist who started to draw but then the witch came in and placed a spell on him. The artist never had a chance to finish his drawings. Can you help to finish the drawings below?
