

Math Enrichment 4-5

Home Work – Due Oct.1

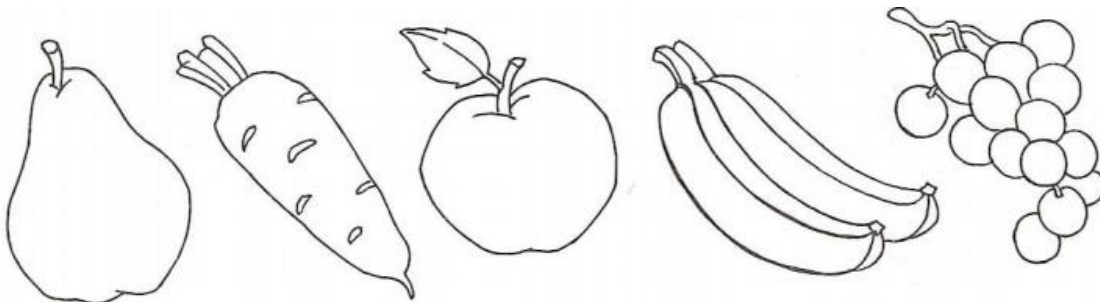

Problem 1

Change the colors. Pay attention to details

Problem 2

Color only the fruit. What does not belong here? Please explain why?

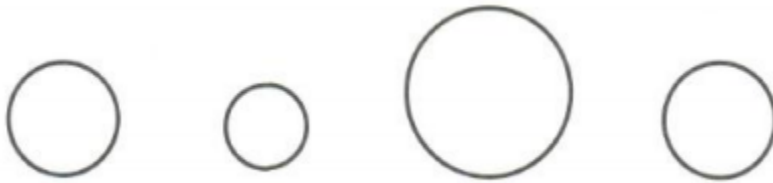

Problem 3

These are triangles. Color them green.

These are circles. Color them blue.

These are squares. Color them in yellow.

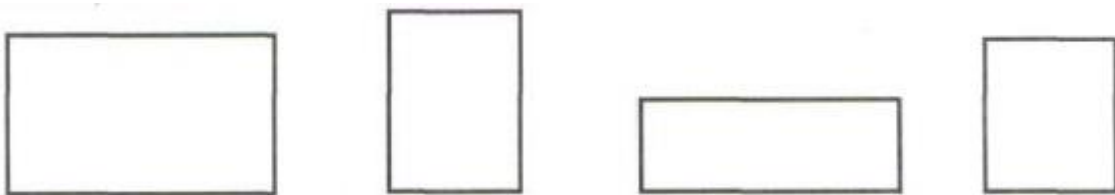

These are ovals. Color them red.

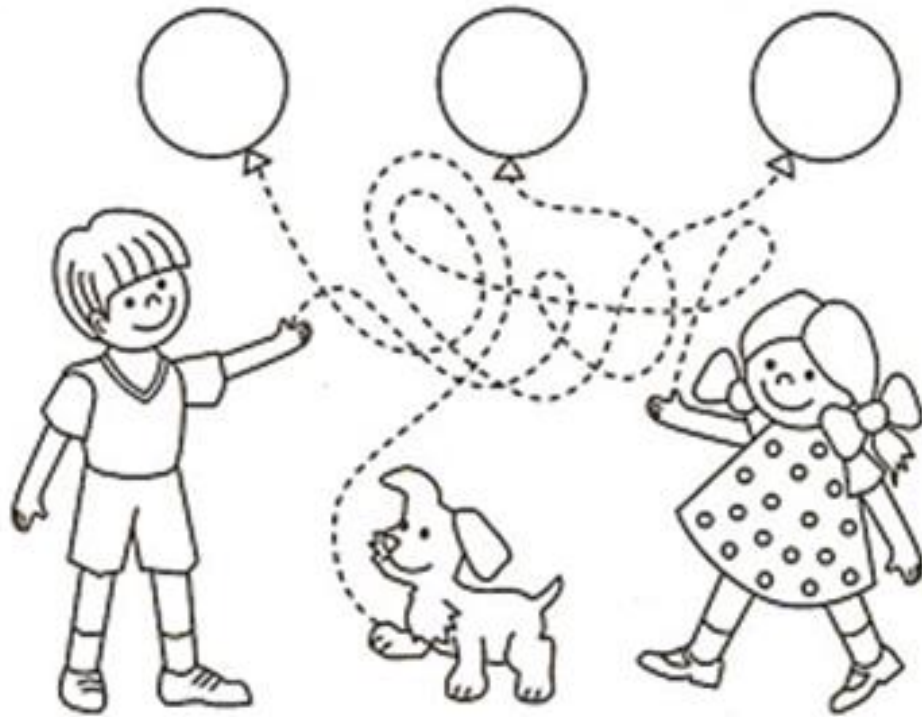

These are rectangles. Color them in brown.

Circle the largest shape in each row. "X" out the smallest shape in each row.

Problem 4

Color balloons in red, green and blue.
Can you find out who is holding each balloon?

Problem 5

Do you see more clowns or hats? Can you make them equal (draw)?
Which hat is different from the others (find several solutions)?

Problem 6

Connect the dots to discover what the cat is holding.
You can color the picture if you'd like

1 → 2 → 3 → 4 → 5
