

Homework 11

Problem 1

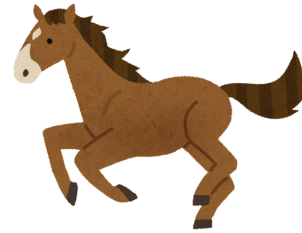

Find the pair of opposites in the pictures and connect them.

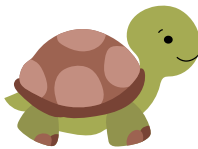

old

a little

fast

slow

young

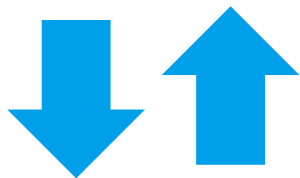

a lot

Problem 2

Name the opposites in the pictures below.

Find three (same or other) pairs of opposites in your house.

up

down

open

closed

cold

hot

salty

sweet

happy

sad

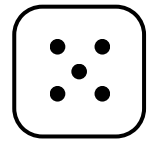

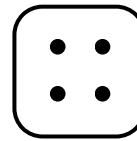

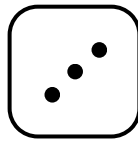

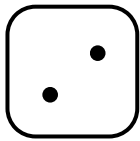

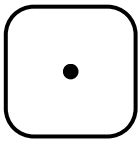

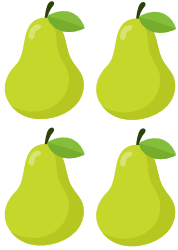

heavy

light

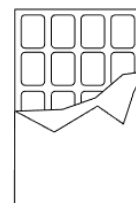

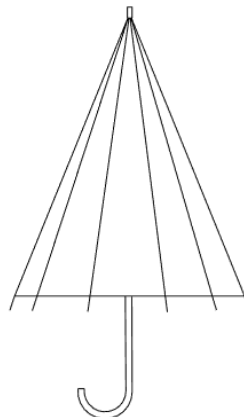

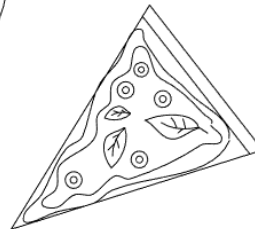

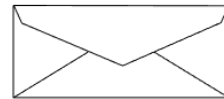

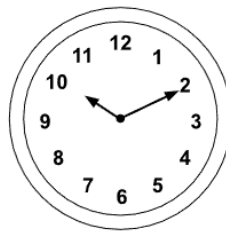

Problem 3

Count and match.

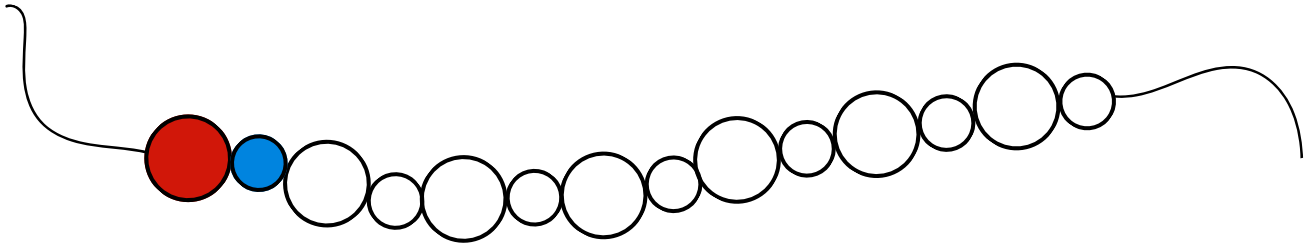

Problem 4

Shape hunt. Color in red the objects in which you recognize rectangles, in blue - circles and in yellow - triangles.

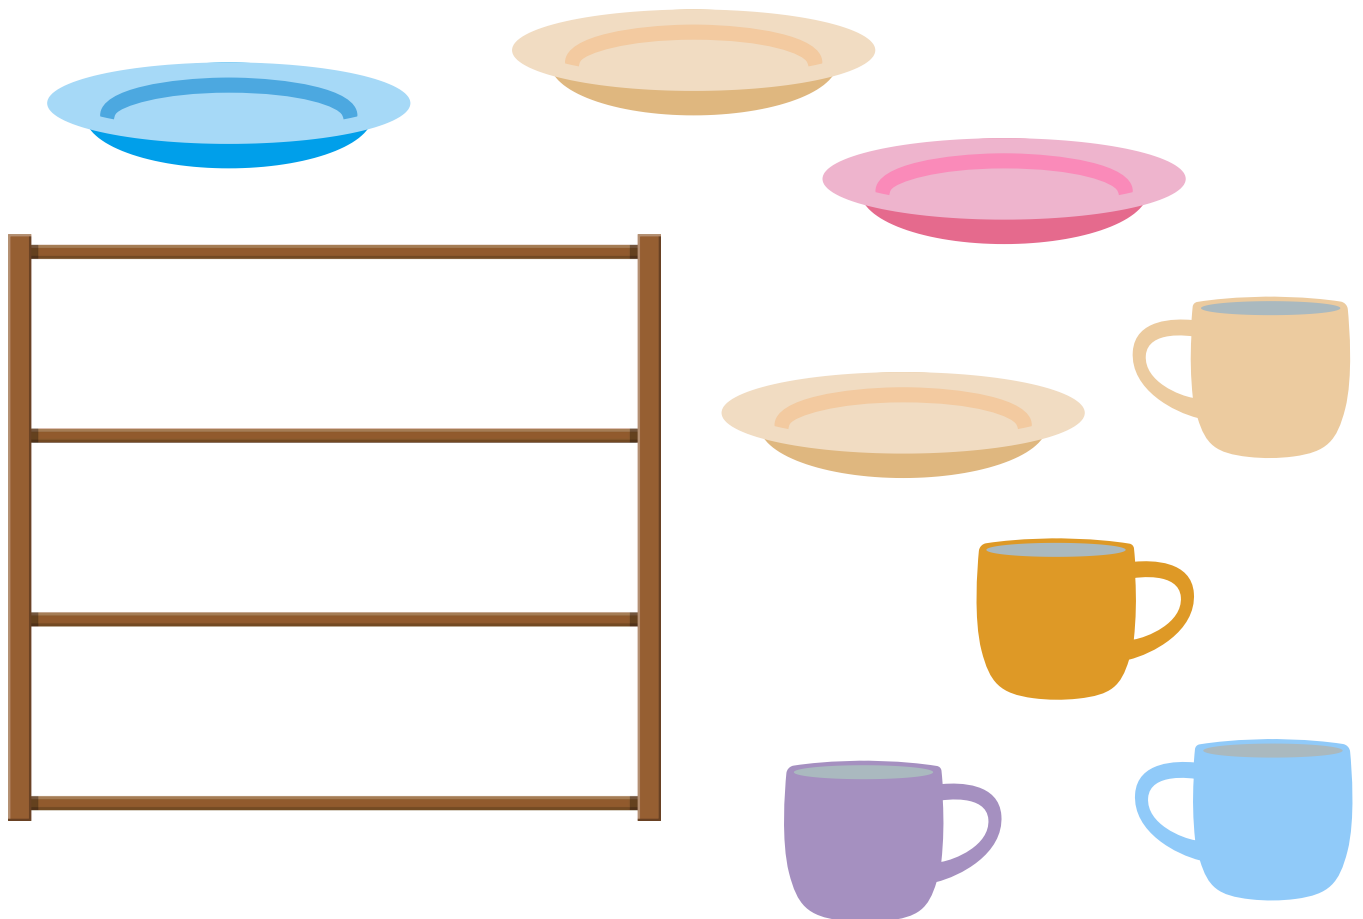

Problem 5

Color the beads following the rule: **large** bead is **red**, **small** bead is **blue**.

Problem 6

Put (draw a line) two cups on the bottom shelf, three plates on the top shelf, and all the rest of cups and plates - on the middle shelf.

How many objects are there on the middle shelf?
Draw as many sticks in the blue box.

Problem 7

Trace the lines and finish the picture.
