

Homework 13

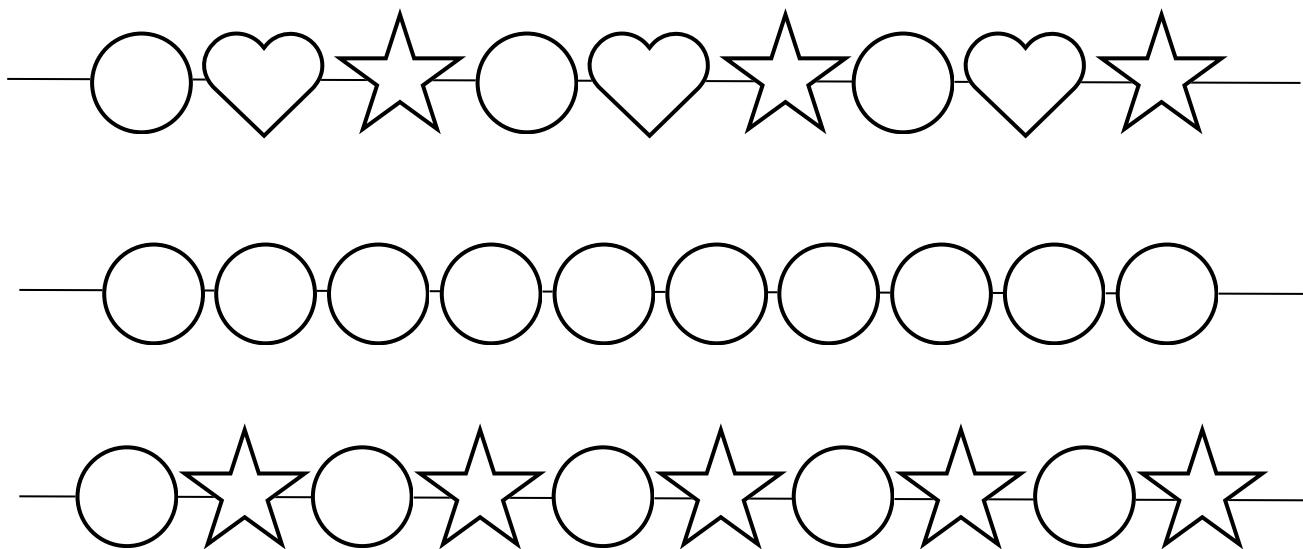

Problem 1

In each pattern, circle the core (repeating element). What comes next?

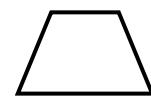

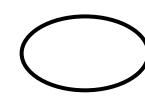

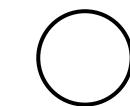

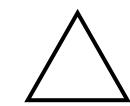

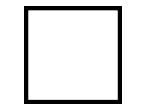

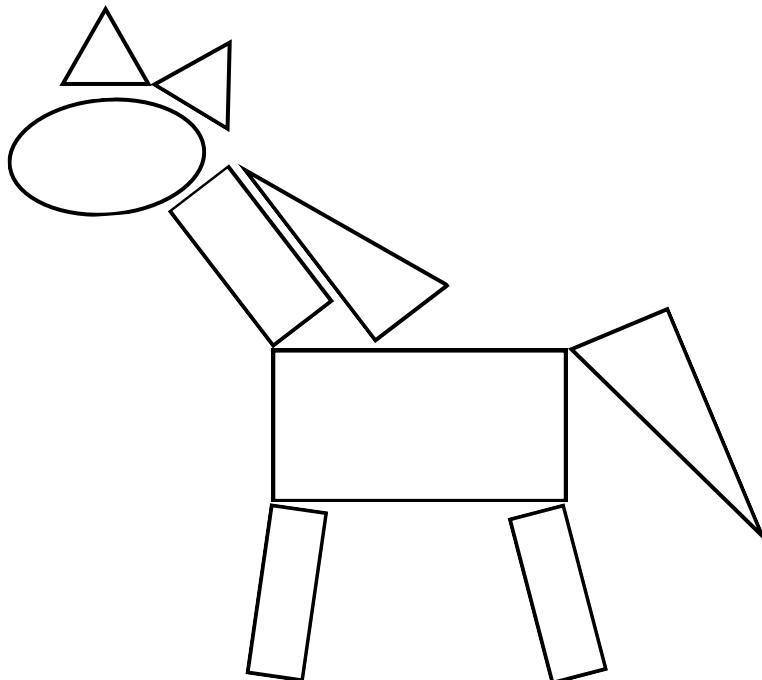

Problem 2

Color the beads on the string to make a pattern.

Problem 3

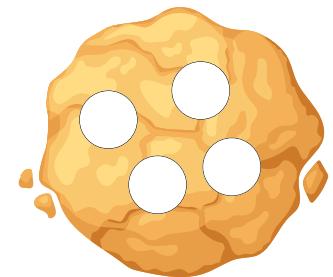

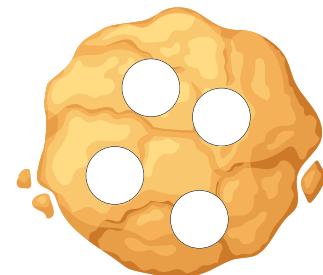

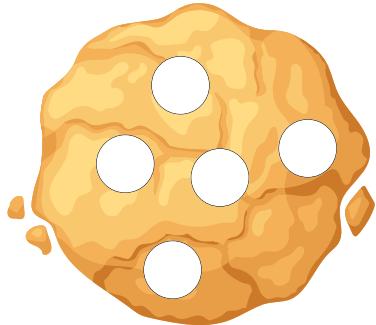

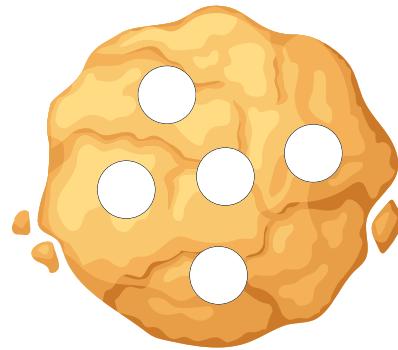

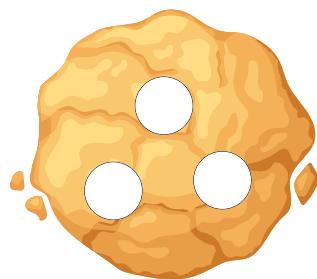

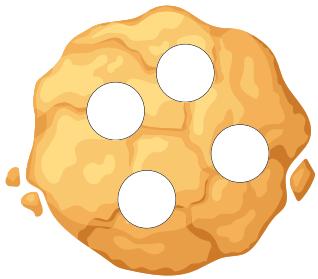

Which kinds of shapes do you see in this picture? Circle.

Problem 4

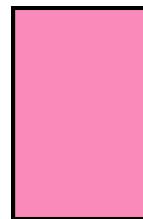

Color the M&Ms in the cookies.

If there are **5 M&Ms** - color them **in red**, **4** - **in blue**, **3** - **in green**.

Problem 5

Cross out the object that does not belong to the row.

Problem 6

Color all the 5's. Cross out all the 4's. Underline all the 3's. Circle all the 2's. Connect by a line all the 1's.

Problem 7

How many houses do you see in the picture?

Hint: you can trace each house with its own color.

Color the smallest house in red, and the largest one in blue.

Problem 8

Walk a puppy through the maze to help him get the treats!
