

# Homework 15

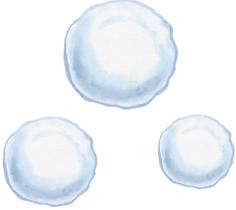

## Problem 1

Count the objects in the group and circle the correct number.

		
3	2	1

		
2	4	3

		
5	3	4

		
5	4	3

		
5	2	4

		
2	1	5

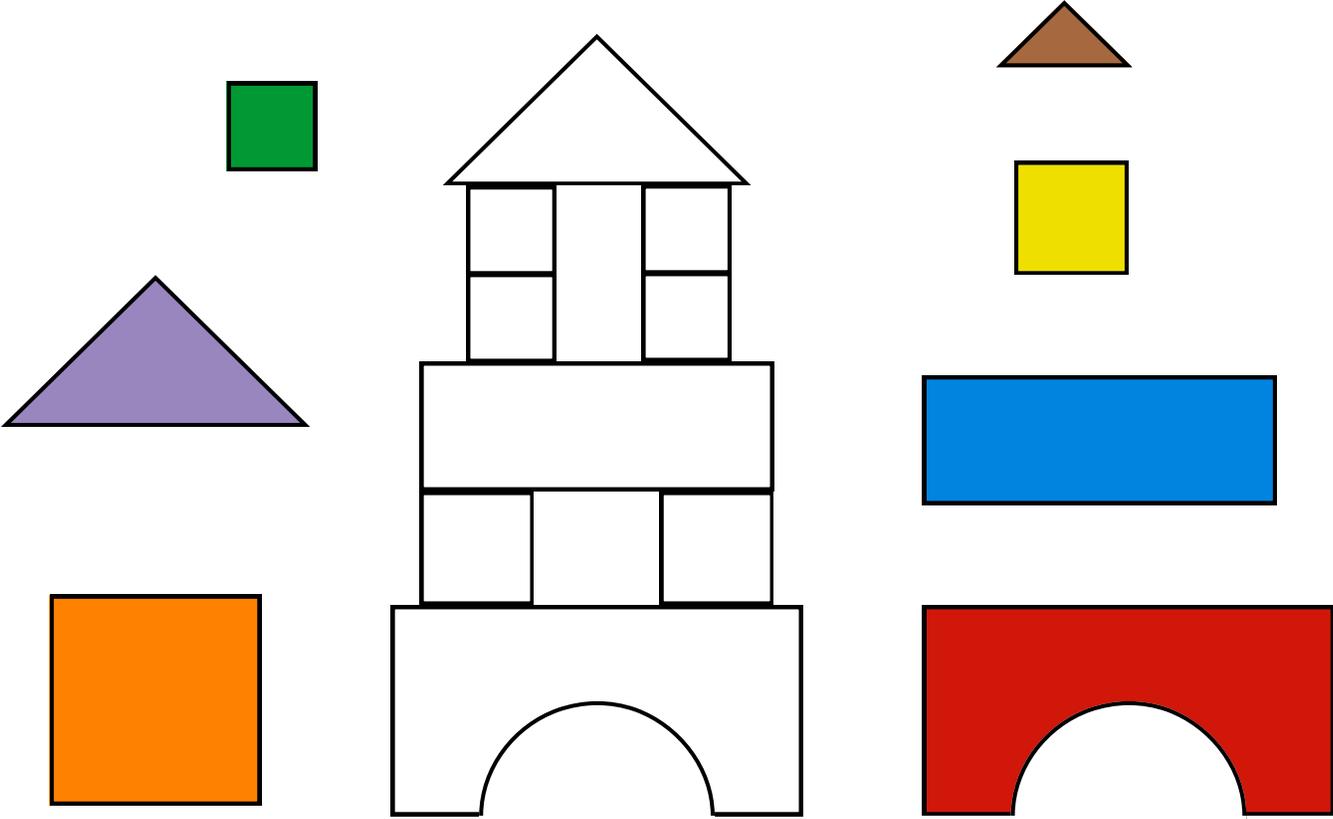

## Problem 2

Cross out the object that does not belong to the row.

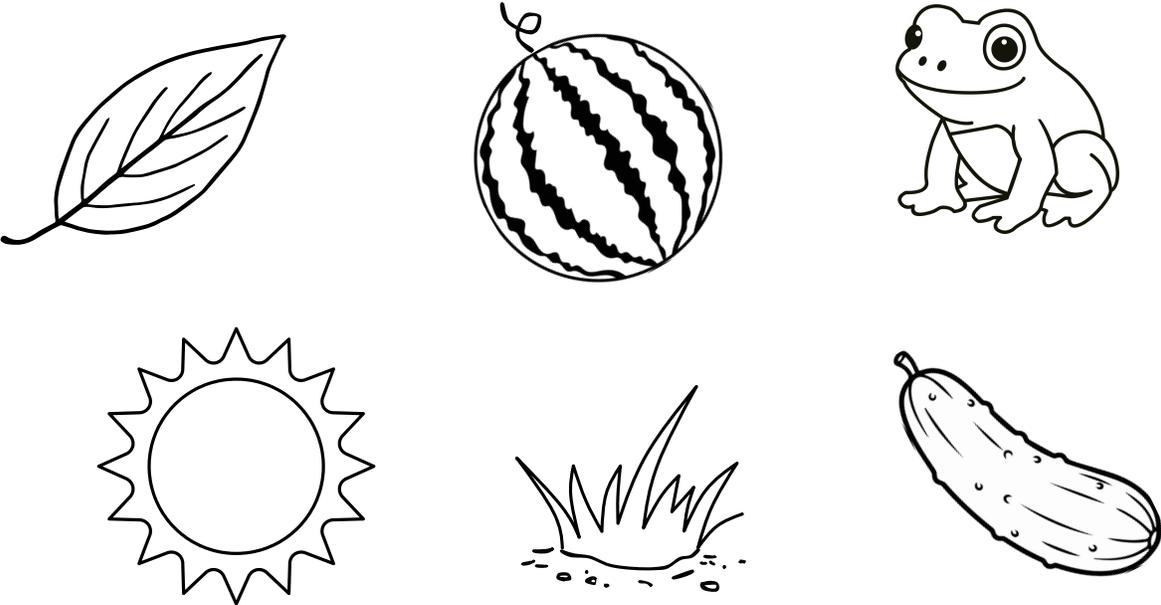

**Problem 3**

Build (color) the tower of the given blocks. Similar blocks should be of the same color.

**Problem 4**

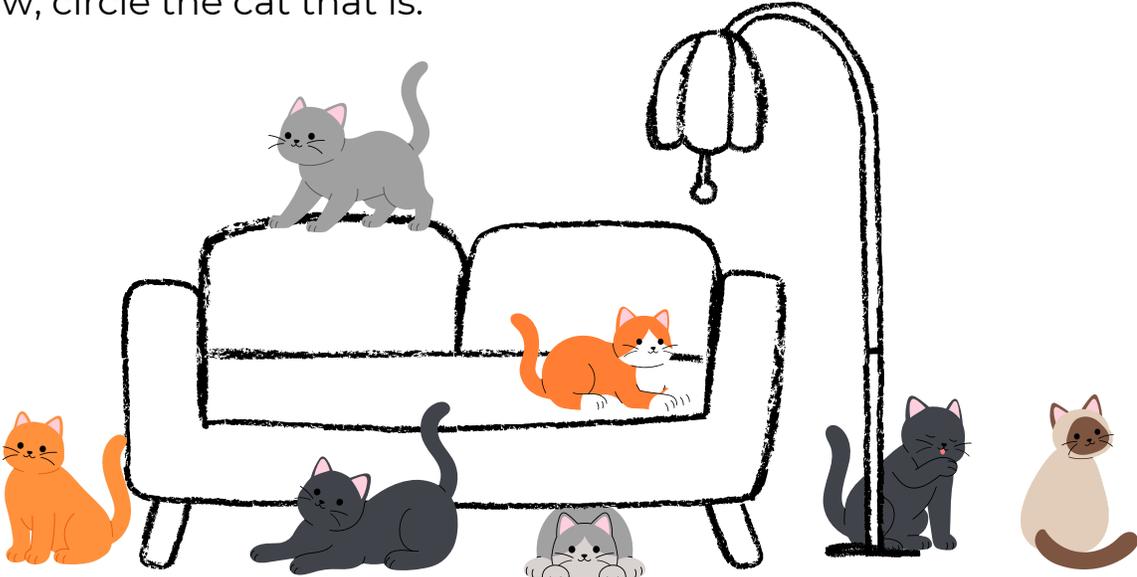

Which of these objects should not be green? Color it in the proper color.

# Problem 5

Study the picture.

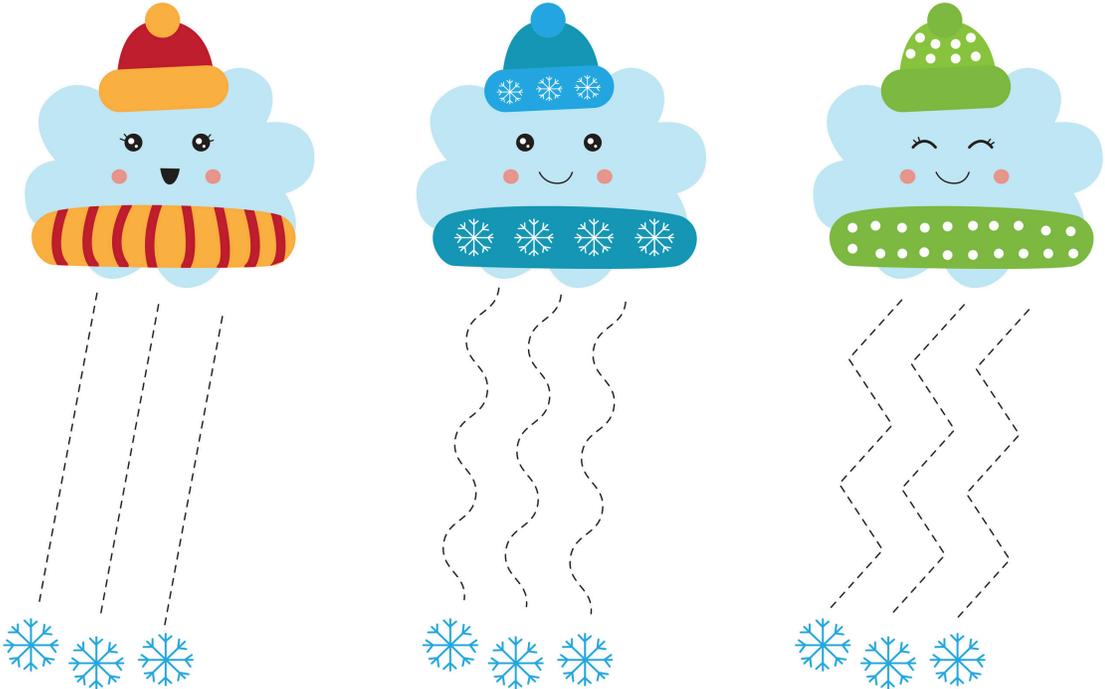

Below, circle the cat that is:

- on the sofa   
- under the sofa   
- in front of the sofa   
- behind the lamp   
- beside the sofa   
- on top of the sofa   
- near the lamp   

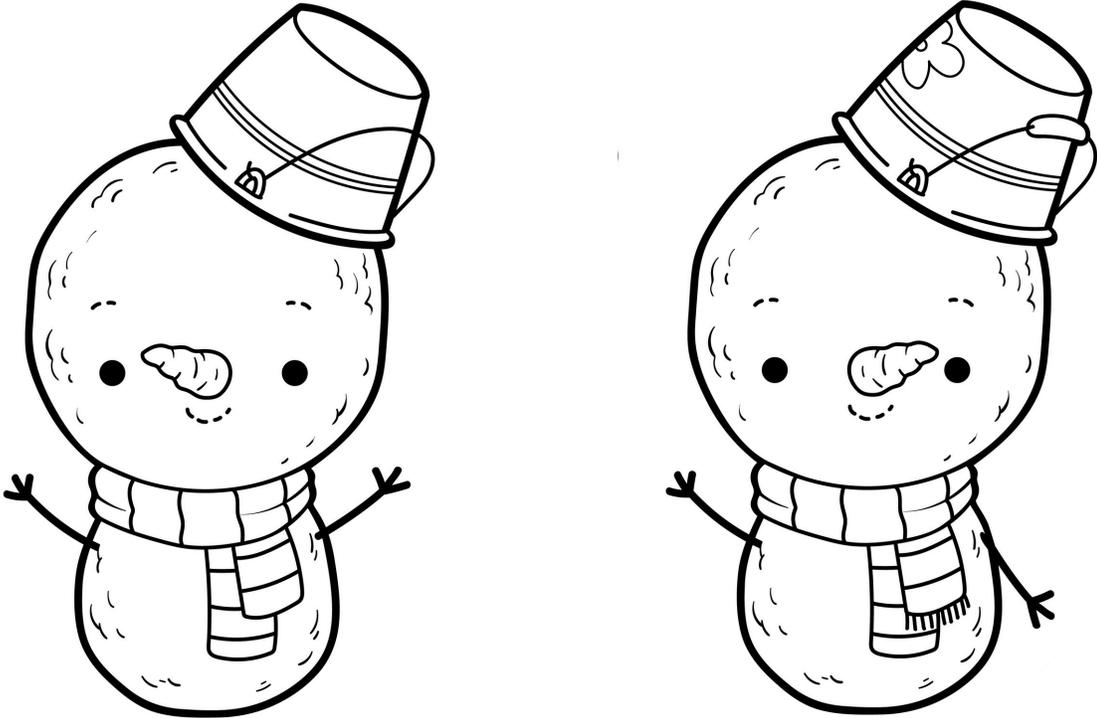

**Problem 6**

Follow the falling snow - trace the lines without lifting a pencil.

**Problem 7**

Find five differences between the snowmen.

### Problem 8

Help mom to set the table: put (glue) each knife to the right of the plate and each fork to the left of the plate. (Be careful! Don't forget that you need to face the table when you put the cutlery.)

Are there enough forks and knives for the plates? What is more, plates or cutlery? Circle.
