

Homework 1

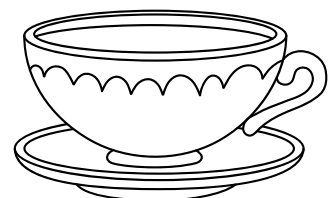

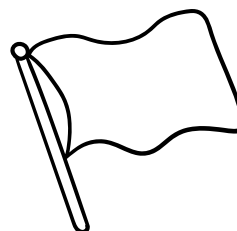

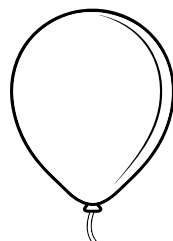

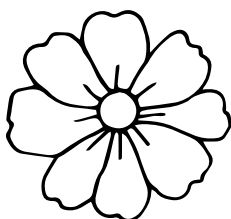

Problem 1

Put as many dots in the box as there are objects in the picture.

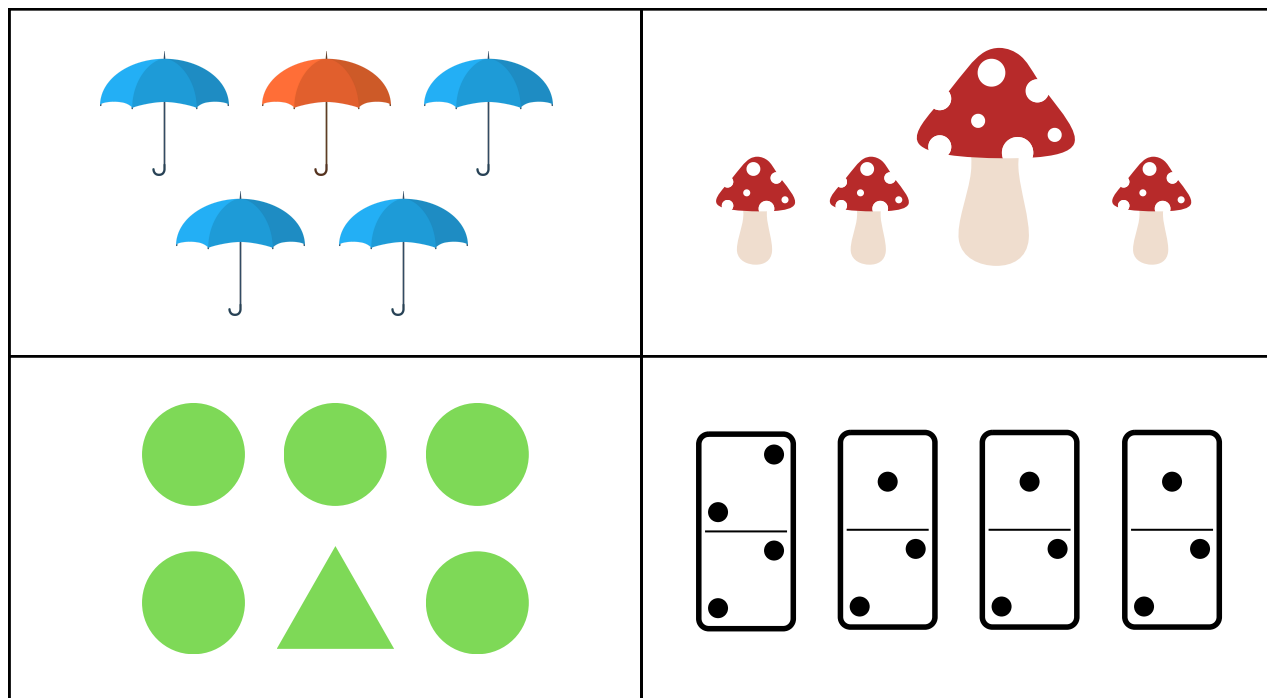

Problem 2

Color the flower in red, the balloon in yellow, the flag in green and the cup in blue.

Problem 3

In each picture, find the object that is different and circle it. Explain your choice.

Problem 4

How many cars do you see? Circle the number.
Then, connect identical cars with a line.
