

# Homework 27

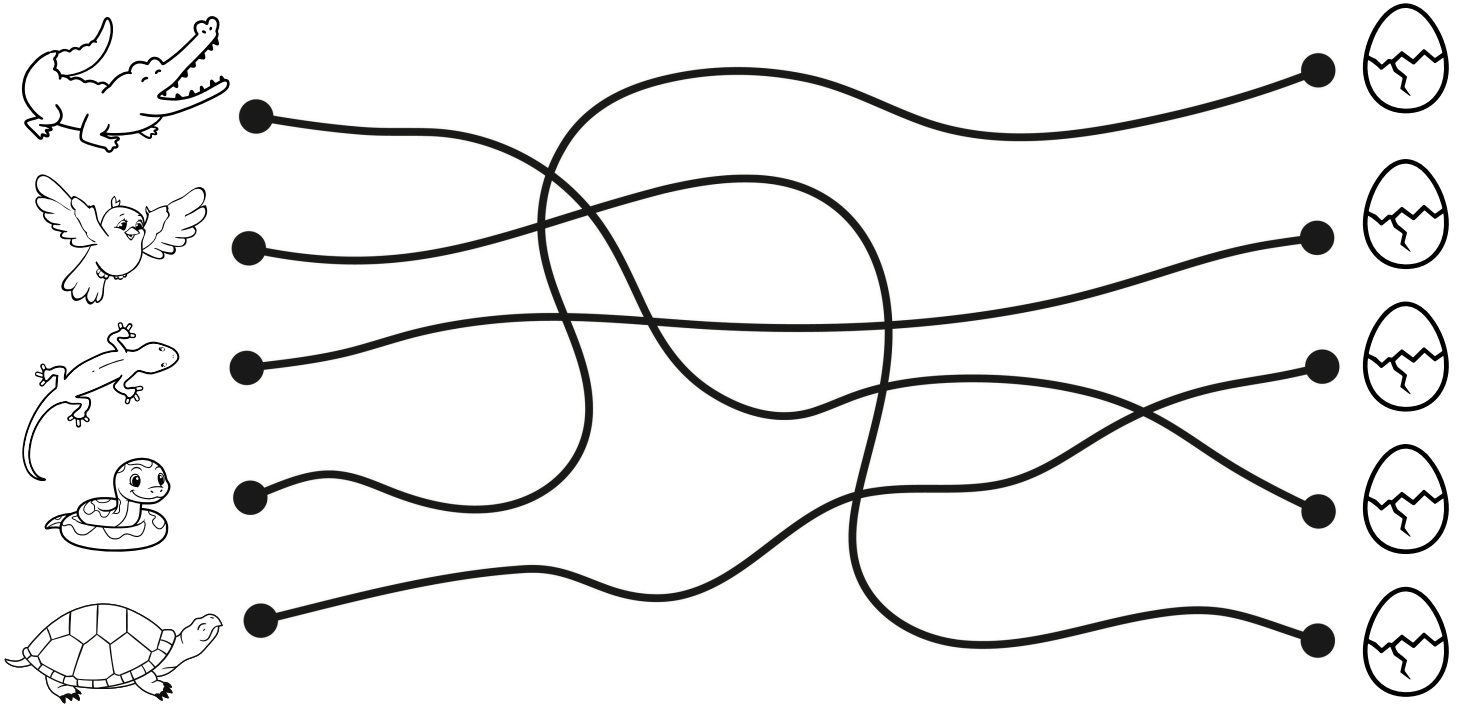

## Problem 1

Help each mom to find their baby animal and connect them by a line. Name all the animals. What sound does each animal make?

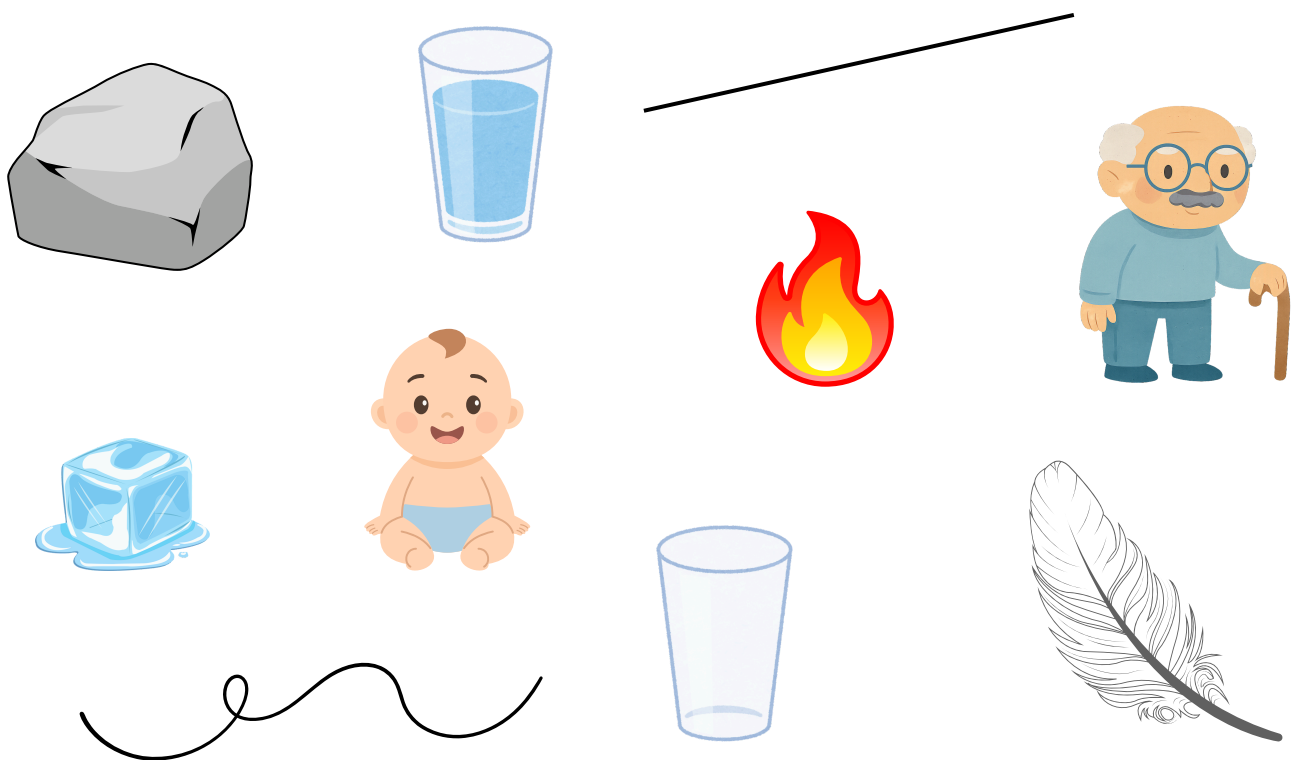

## Problem 2

Whose egg is hatching? Color the mom and the egg in the same color.

## Problem 3

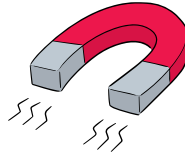

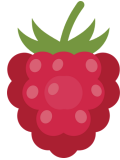

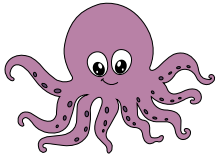

Find and connect the pairs (guess the rule first).

### Problem 4

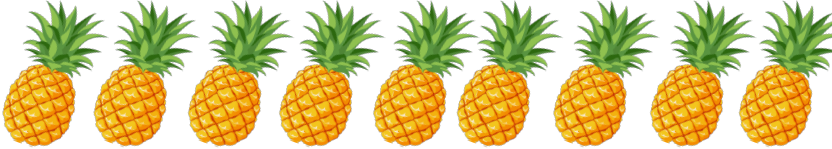

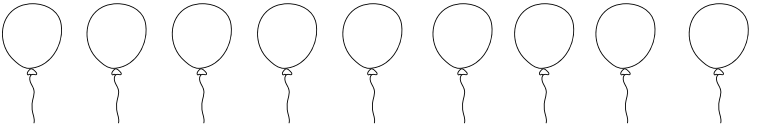

Connect the pictures with their first letters.

M O T H E R

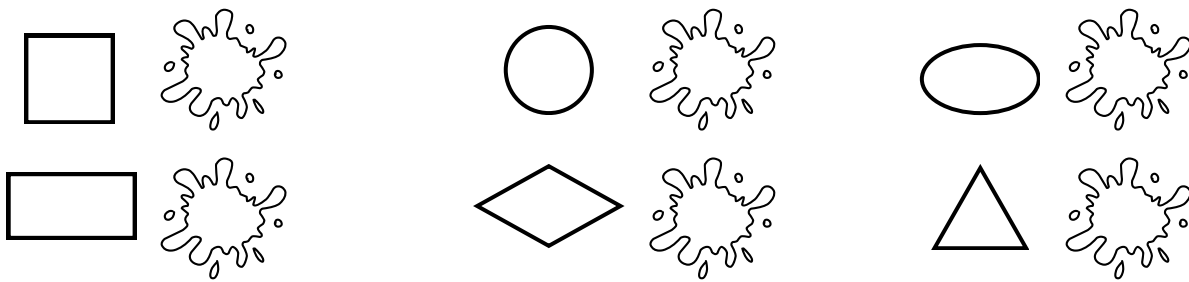

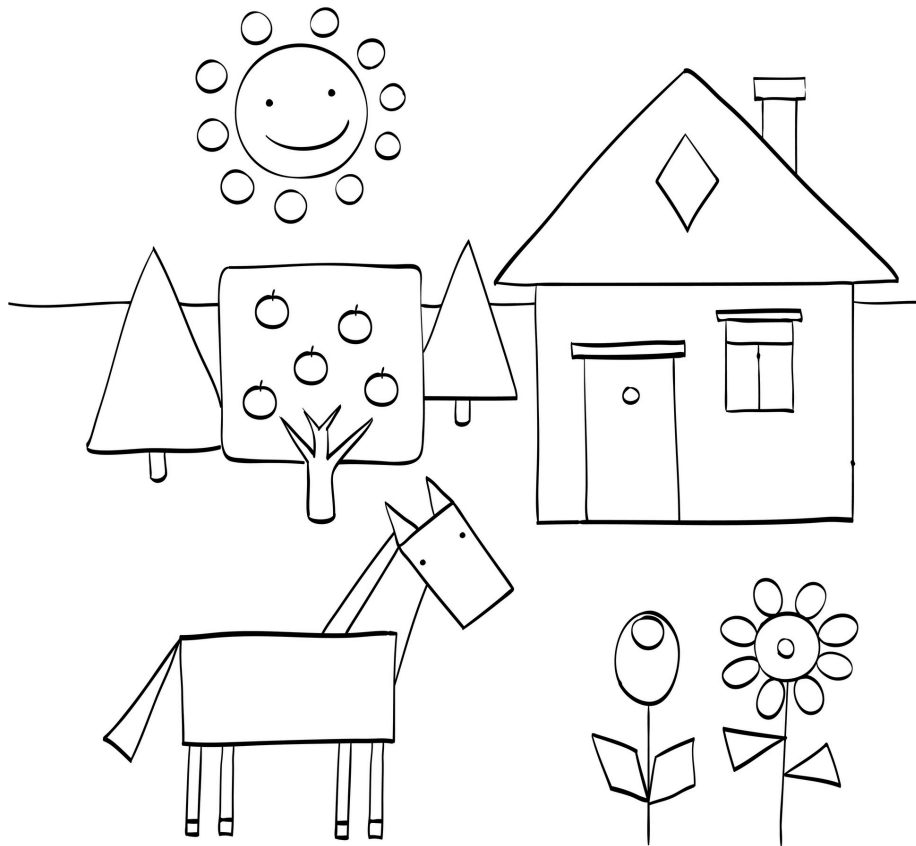

### Problem 5

Circle as many objects in each group as the number shows.

7	
8	
2	
4	

## Problem 6

Assign colors to the shapes and color the picture according to your key.

## Problem 7

What picture does not belong to the row?

## Problem 8

Study the pictures. What happened first, what happened next, what was in the end? Cut the pictures out, put in right order (glue to the blank side of the previous sheet of this homework) and tell the story about what happened in the pictures.
