

Homework 7

Problem 1

Light the windows in the castle for Halloween! Color the circle windows in yellow, the triangle windows in red, the rectangular windows in green, the oval windows in purple, and the square windows in orange.

Problem 2

Are there more big or small candies (try not to count, but make the pairs big-small)?
Put the large candies in the large bag and the small candies in the small one.

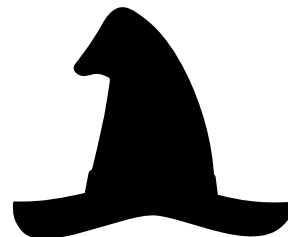

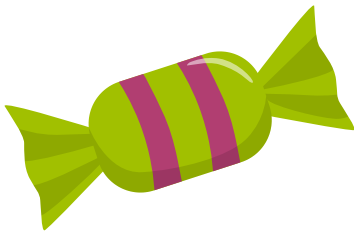

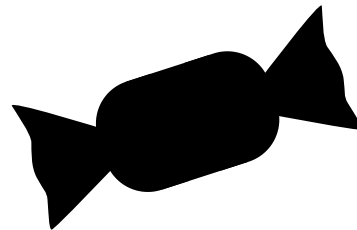

Problem 3

Color as many pumpkins in the row as the number says.

2	    
1	    
4	    
3	    

Problem 4

Match an object and its shadow.

Problem 5

Cross out the object that does not belong to the group.

Problem 6

Trace the gusts of wind that the ghosts are riding on!
