

# Classwork 14

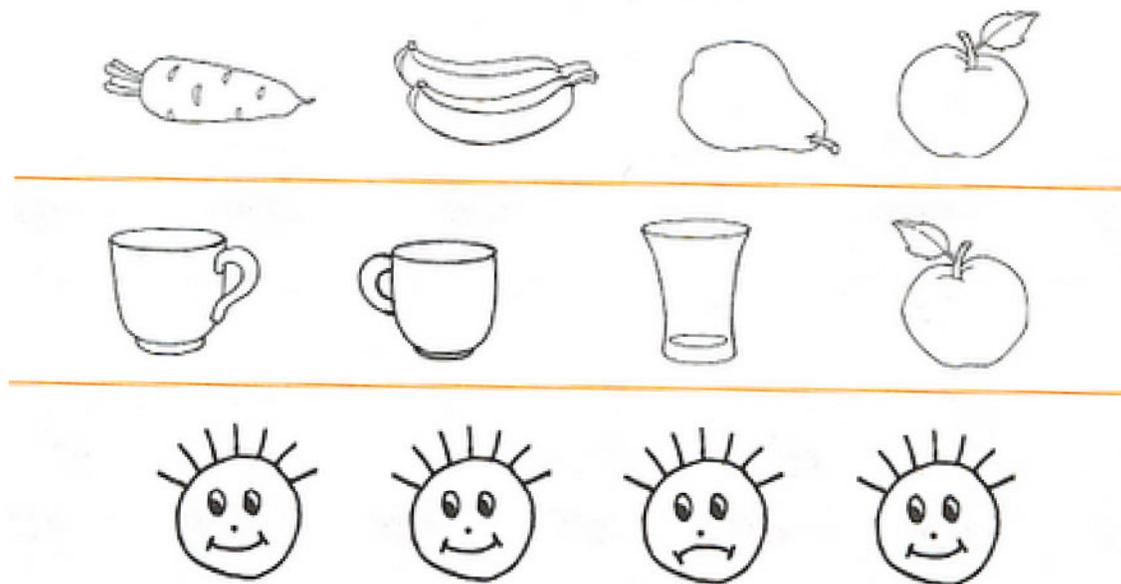

## Problem 1

Connect each tile with the correct number.

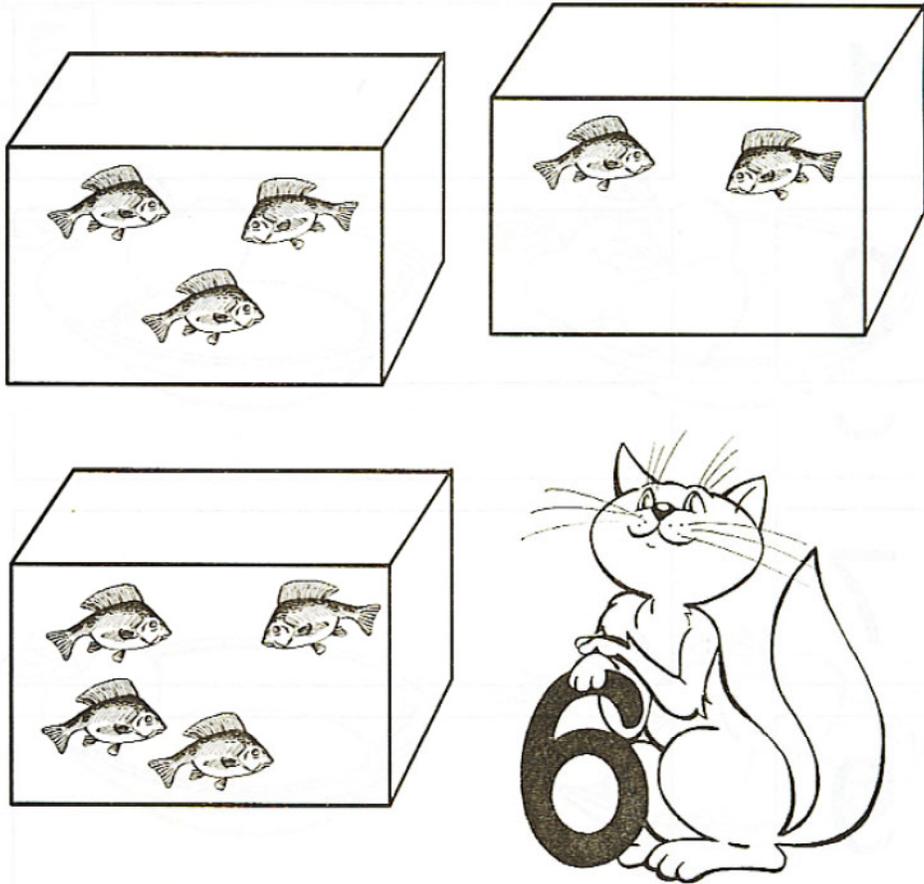

## Problem 2

Which image does not belong in each row? Why?

### Problem 3

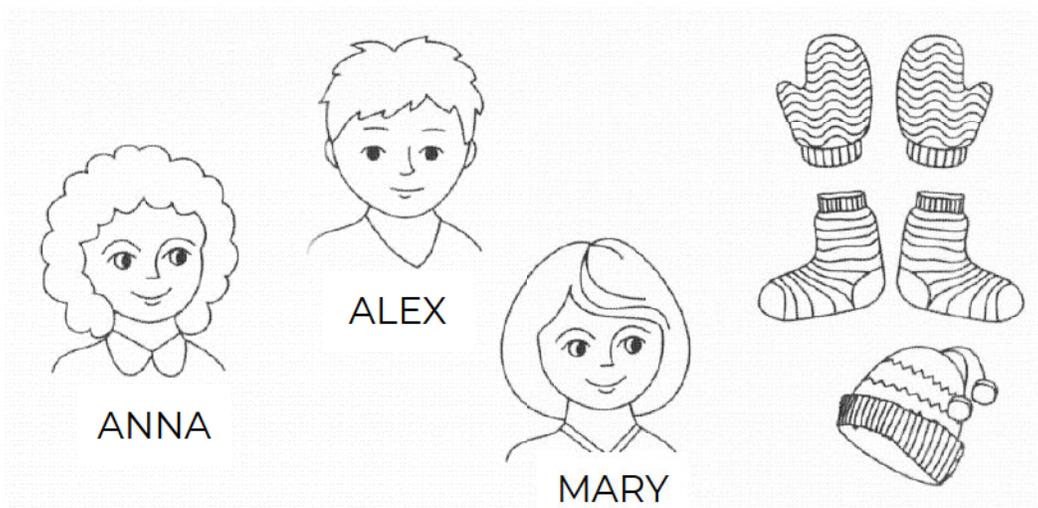

Each tank has to have the number of fish that the cat is holding. Finish each picture.

### Problem 4

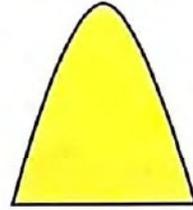

Grandma gave a pair of socks, a hat, and a pair of mittens to her three grandchildren, Anna, Mary, and Alex.

Anna did not get mittens or socks. Mary did not get socks. What did grandma give to each child? Connect with lines.

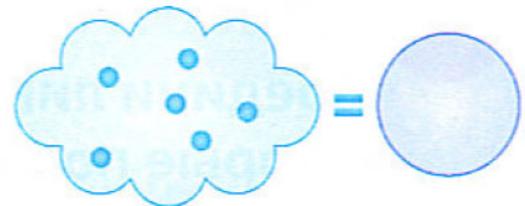

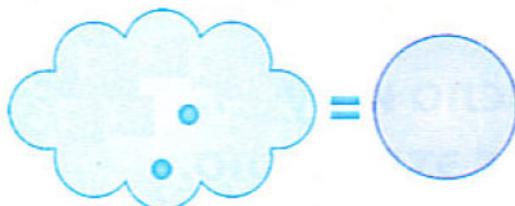

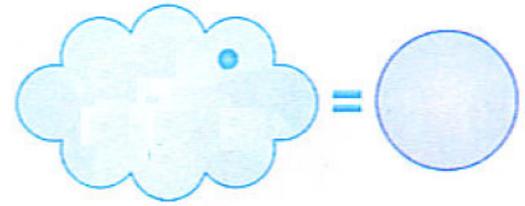

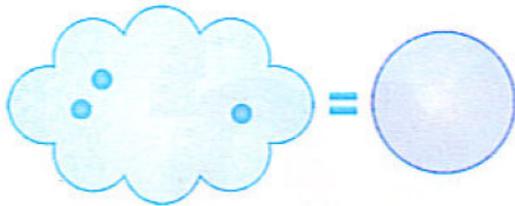

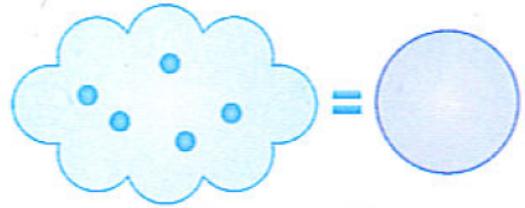

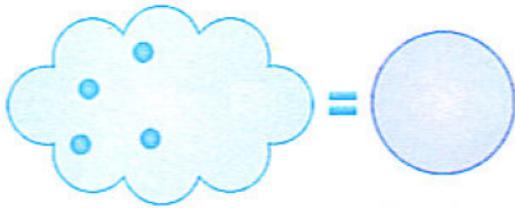

**Problem 5**

Find the shadow shape for the each toy pyramid.

**Problem 6**

How many drops are hidden in the clouds?  
Write the answers in the circles.

### Problem 7

Find the objects that are the shape of a rectangular prism, a cube, and a sphere.
