1. Make yourself familiar with the SchoolNova website:

Go to <https://schoolnova.org> In the top navigation menu (top of page), click on “Current School Year” and view the drop-down menu options. Click on “Homework” then scroll down the page to find “Science 1(a or b)” in the left column. The link will take you to our class page. (Another way to get there: go to “Schedule” then find and click “Science 1(a or b)”.) Try all links that appear next to the current lesson date; make sure you can open and view the Classwork presentation (slides that were shown today during class) and the Homework (should look exactly like this page).

2. Please ask your parent/guardian to sign below to acknowledge that you both know how to access our class materials via the website. This is very important!
