

LETTER TO STUDENTS AND PARENTS SEPTEMBER, 2026 Math 2

Dear Students, Parents, and Guardians,

Welcome back to SchoolNova!

My name is Svetlana Vostrova, but you can call me Ms. Sveta or Ms. Lana, whichever is easier 😊!

I am very excited to be teaching Math 2 this year! Whether you are a returning student or a new one, I am sure we will have a lot of fun together. If you have any questions, do not hesitate to contact me via email or talk to me after class. My email is Vostrova@schoolnova.org

CLASS POLICIES

Questions are strongly encouraged, and they make for a more interactive and helpful class environment. Just raise your hand before calling out! If you don't understand something, make sure to tell me right away, because other students may be a little confused as well. Please try to be present at every lesson as class participation is very important! If you miss the class, please go over the classwork material on your own!

HOMEWORK

Homework will be assigned every week. Homework is an integral part of learning, and moreover it gives me a way of assessing the progress of my students. When doing the homework, try to solve all the problems, or at least give them your best shot. Don't worry if some problems are hard, try to solve it as it is very rewarding when you find the solution.

Parents: if you want to help your child with the homework, you are welcome to do so, however allow them to try it on their own first, and then guide them in the right direction if they are stuck. Please keep in mind that homework assignments are mandatory to complete.

Even if the child misses the class, the homework needs to be completed.

SUPPLIES

Please come prepared for the class with a few pencils, a good eraser and a ruler if possible.

Always have your Classwork book and Homework book with the completed Homework assignment.

NEW STUDENTS

It is OK if some material is new for some students. During the first 2 weeks or so, we will mostly be reviewing and refreshing on old topics and concepts, so take this as an opportunity to catch up. Contact me with any questions.

MATH COMPETITION

Every year our school participates in a math competition called Math Kangaroo. The school will separately announce registration for Math Kangaroo 2027.

Welcome again to the wonderful journey of learning math, and just remember to have fun!

Sincerely,

Svetlana Vostrova
