
NAME:

1. **Reading Material “Some Historical Units of Measurement”** (can be found on the school website on our class homework page).

2. In the space below, copy the **original definition of a “foot”** (page #7).

3. Applying the above definition to your own body, determine the length of a “foot” using a tape measure (standard inches 😊). Make sure there is no *bias*!

1 “my own foot” = _____ standard inches

Measure again, but now use your parent/guardian as a reference body:

1 “grown up foot” = _____ standard inches

How many standard inches is a standard US Customary foot?

1 US Customary foot = _____ standard inches

4. Are the numbers different? By how much? Why?
